Helsinki-Uusimaa Regional Council

GreenTech
Clusters for Excellence 2.0

Co-funded by the Health Programme of the European Union

Business field:

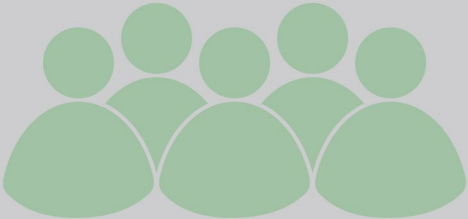
Helsinki Smart Region is one of the most innovative regions in Europe and selected as one of the 12 pilot areas of EU Circular Cities and Regions Initiative.

We will strengthen our regional circular valley platform and the key circular systemic solutions and help our actors to work on transformative solutions and to bring these solutions to European and global markets.

What can you offer to a visitor?

Target group

Circular ecosystem actors



GreenTech
Clusters for Excellence 2.0

Best regional

practices related to the meeting themes and the possibility to discuss the circular economy with local innovation ecosystems and academia. The Helsinki-Uusimaa Circular Valley is a platform for various actors to co-develop, co-learn, share knowledge, and find funding together.

Preliminary Agenda

Sessions hosted by our partners related to the Circular Economy
Visits to circular economy and innovation ecosystem actors.

A co-working session for discussion, feedback, follow-up actions on collaboration opportunities.
