RM-401A / RM-401AG-CE

RICE MINI Rice-Washing Machine

Always produces rice with the right amount of water

Compact Size Fits Into Tight Spaces

Rinse option to quickly remove any particles still clinging to pre-washed rice, producing the ideal conditions for cooking rice.

Top in its class for low energy use among aspiration-type, fully automated rice washing machines.

Improvements to the washing paddles enhanced washing capabilities while reducing the amount of water needed (5% reduction).
