

NSL-14 & NSL-16 Mobile Workstations Lightweight Ingenuity

Speed up the process

An Intel Core Ultra 7 258V is designed specifically for AI use and pushes the NSL-16's performance further with its 8 cores and 8 threads. Enjoy improved speeds and save time by accessing max clock speeds of up to 4.8GHz.

Premium Quality, Portably-Designed

Bring pro-grade workstation power with you anywhere for travel, remote work, or simply a busy lifestyle.

NSL-14: 2.53 lbs, 0.72 inches thin

NSL-16: 3.13 lbs, 0.77 inches thin

Durable, High-Quality Material

Pro-grade power meets durable and reliable engineering. Each laptop meets the MIL-STD-810H-SPEC standards, meaning it has passed several stress-tests including extreme temperatures, humidity, and shock.

High-Speed Memory & Extensive Storage

Customize your with 32GB LPDDR5X DRAM and access improved performance including faster speeds, improved multi-tasking, and more.

With room for up to 8TB of M.2 SSD storage, you can save any projects, files, and software you need.
