

RACING SIM PC

Precision-Built for the Perfect Lap

Modular DESIGN

Built inside the CORSAIR FRAME 4000D Mid-Tower Case, your sim racing system is fully equipped for peak performance.

Game Changer GeForce RTX 50 Series

Powered by NVIDIA Blackwell, GeForce RTX™ 50 Series GPUs bring game-changing capabilities to gamers and creators.

PUSH PAST LIMITATIONS

An AMD RYZEN 7 9800X3D processor offers the latest dynamic CPU architecture so you can game and multitask without compromise, cooled by a CORSAIR NAUTILUS RS liquid CPU cooler.

INTEL® CORE™ ULTRA CPU

An Intel Core Ultra processor offers a next-gen AI PC experience, delivering ultra-smooth gameplay, improved power efficiency, enhanced streaming and gaming performance, and increased multi-threading capabilities to achieve new levels of productivity.

CORE AMD
OR-9010088

For novice players: Smooth gameplay at **1080p** with **high settings** in titles like iRacing, F1 24, and Assetto Corsa

Target User:

- New sim racers
- Home users with limited space
- Budget-conscious buyers who still want quality
- Educational or training setups with limited hardware needs

AMD Ryzen™ 5 9600X
32GB 6000MT/s VENGEANCE DDR5
2TB PCIe NVMe
NVIDIA® GeForce RTX™ 5060 Ti
CORSAIR NAUTILUS 360 Radiator
CORSAIR RM850x Power Supply
Windows® 11 Home
2-Year Warranty

PRO AMD
OR-9010087

For Intermediate racers: With strong 1440p or triple-monitor performance at **high/ultra settings**

Target User:

- Sim-racing enthusiasts with experience
- Gamers using ultrawide or triple-monitor setups
- Leagues, hobbyist competitors, and advanced home racers
- Users looking for headroom to upgrade over time

AMD Ryzen™ 7 9700X
32GB 6000MT/s VENGEANCE DDR5
2TB PCIe NVMe
NVIDIA® GeForce RTX™ 5070
CORSAIR NAUTILUS 360 Radiator
CORSAIR RM850x Power Supply
Windows® 11 Home
2-Year Warranty

ULTRA AMD
OR-9010086

For advanced racers: **Top-tier 4K and VR Performance**
with max settings across modern sim titles

Target User:

- Professional sim racers
- Sim centers and commercial installs
- Real-world drivers using sims for training
- Content creators and streamers
- Motion platform or VR rig owners

AMD Ryzen™ 7 9800X3D
32GB 6000MT/s VENGEANCE DDR5
2TB NVMe / 2TB NVMe
NVIDIA® GeForce RTX™ 5080
CORSAIR NAUTILUS 360 Radiator
Corsair RM1000x
Windows® 11 Home
2-Year Warranty

ULTRA INTEL
OR-9010096-NA

For advanced racers: **Top-tier 4K and VR Performance**
with max settings across modern sim titles

Target User:

- Professional sim racers
- Sim centers and commercial installs
- Real-world drivers using sims for training
- Content creators and streamers
- Motion platform or VR rig owners

Intel® Core™ Ultra 9 285K
32GB 6400MT/s VENGEANCE DDR5
2TB NVMe / 2TB NVMe
NVIDIA® GeForce RTX™ 5080
CORSAIR NAUTILUS 360 Radiator
Corsair RM1000x
Windows® 11 Home
2-Year Warranty
