Motion | Sports Non Metal Shoe S1P

Series: Sports

Model : Motion

Classification: SBP (Essential Lightweight Protection)

Core Philosophy: Explosive Energy & Lite-Weight Protection

The BYVOX Motion is designed for the high-intensity professional who needs the speed of a running shoe with the ruggedness of a work boot. This Low-Cut profile combines advanced textile technology with a heavy-duty grip, making it the perfect choice for demanding environments that require fast-paced movement. By utilizing Plastic and Kevlar, these shoes are 100% metal-free—making them the ideal choice for airports, high-security facilities, and professionals who demand a lighter feel without sacrificing safety.

Maintenance & Care

The Motion SBP is built for efficiency. To clean, use a soft brush to remove dust or a damp cloth for surface stains. Because this model uses a breathable mesh upper, avoid submerging in water or using in mud-heavy environments to preserve the internal Kevlar and foam layers.

Warranty & Product Support

Six-Month Limited Warranty

BYVOX stands behind the engineering of every pair. We provide a six-month manufacturing warranty from the date of purchase, covering defects in materials and craftsmanship. This guarantee is valid under conditions of standard professional use and proper maintenance.

Warranty Conditions & Exclusions

To maintain the structural integrity of your footwear, please note that the warranty is rendered void if the product is subjected to:

- Corrosive Substances: Exposure to harsh industrial chemicals or high concentrations of chlorine.
- Extreme Thermal Stress: Exposure to temperatures exceeding standard operating limits.
- Material Contamination: Prolonged contact with cement water or acidic compounds.
- Immersion: Damage resulting from excessive submersion or improper drying techniques.

Claims Discretion

Broadview reserves the exclusive right to evaluate all warranty claims. Each case is assessed individually to determine eligibility based on wear patterns and adherence to care instructions, ensuring a process rooted in fairness and technical integrity.
