PRODUCT SPECIFICATIONS & TECHNICAL DATA SHEET

Ranger | Semi - Formal Non Metal Microfiber Shoe S1P

Series: Semi-Formal

Model : Ranger

Classification: S1P SRC (Metal-Free Hybrid)

Core Philosophy: Advanced Mobility & Non-Metallic Durability

The RANGER S1P is engineered for the modern professional who operates across diverse and unpredictable terrains. Built with a high-performance Microfiber Upper, the Ranger prioritizes weight reduction and agility without compromising on structural defense. Utilizing a 100% metal-free architecture—featuring a Hardened Plastic Toe Cap and a Kevlar® midsole—it offers a stealthy, non-conductive safety solution. Whether navigating high-security zones or active industrial sites, the Ranger provides the ruggedness of a traditional boot with the lightweight feel of a technical trainer.

Technical Specifications

Standards EN ISO 20345: 2011

Features	Description
Model	RANGER
Model Description	BYVOX Ranger Semi - Formal Non Metal Microfiber Shoe S1P
Size	38-46 (EU Sizing)

CTN. Weight	Net Weight : 12 kgs Weight : 15 kgs
CTN. Size	Length : 62.50 cm Width : 44.50 cm Height : 34.70 cm
HS Code	6403400090
Warranty	6 Months Limited Warranty Against Manufacturing Defects

Maintenance & Care

The Ranger is built for high-level efficiency. The microfiber upper is designed for longevity. To maintain performance, wipe clean with a damp cloth. Unlike leather, it does not require regular oiling, but should be allowed to air dry naturally away from direct heat sources if saturated.

Warranty & Product Support

Six-Month Limited Warranty

BYVOX stands behind the engineering of every pair. We provide a six-month manufacturing warranty from the date of purchase, covering defects in materials and craftsmanship. This guarantee is valid under conditions of standard professional use and proper maintenance.

Warranty Conditions & Exclusions

To maintain the structural integrity of your footwear, please note that the warranty is rendered void if the product is subjected to:

- Corrosive Substances: Exposure to harsh industrial chemicals or high concentrations of chlorine.
- Extreme Thermal Stress: Exposure to temperatures exceeding standard operating limits.
- Material Contamination: Prolonged contact with cement water or acidic compounds.
- Immersion: Damage resulting from excessive submersion or improper drying techniques.

Claims Discretion

Broadview reserves the exclusive right to evaluate all warranty claims. Each case is assessed individually to determine eligibility based on wear patterns and adherence to care instructions, ensuring a process rooted in fairness and technical integrity.
