## PRODUCT SPECIFICATIONS & TECHNICAL DATA SHEET

### Storm | Heavy Duty Steel Microfiber Shoe S1P

Series: Heavy Duty

Model : Storm

Classification: S1P SRC (Industrial Grade)

Core Philosophy: Maximum Shielding & Uncompromising Reinforcement

Maximum shielding meets versatile design. The BIVOX Storm S1P is built for high-risk environments where puncture and impact protection are non-negotiable. Featuring a classic metal-on-metal safety system, this model is available in both High-Cut (Boot) and Low-Cut (Shoe) styles to suit your specific job site needs.

CTN. Weight	Net Weight : 12 kgs   Weight : 15 kgs
CTN. Size	Length : 62.50 cm   Width : 44.50 cm   Height : 34.70 cm
HS Code	6403400090
Warranty	6 Months Limited Warranty Against Manufacturing Defects

#### Maintenance & Care

The Storm Microfiber upper is designed for longevity. To maintain performance, wipe clean with a damp cloth. Unlike leather, it does not require regular oiling, but should be allowed to air dry naturally away from direct heat sources if saturated.

#### Warranty & Product Support

##### Six-Month Limited Warranty

BYVOX stands behind the engineering of every pair. We provide a six-month manufacturing warranty from the date of purchase, covering defects in materials and craftsmanship. This guarantee is valid under conditions of standard professional use and proper maintenance.

##### Warranty Conditions & Exclusions

To maintain the structural integrity of your footwear, please note that the warranty is rendered void if the product is subjected to:

- Corrosive Substances: Exposure to harsh industrial chemicals or high concentrations of chlorine.
- Extreme Thermal Stress: Exposure to temperatures exceeding standard operating limits.
- Material Contamination: Prolonged contact with cement water or acidic compounds.
- Immersion: Damage resulting from excessive submersion or improper drying techniques.

##### Claims Discretion

Broadview reserves the exclusive right to evaluate all warranty claims. Each case is assessed individually to determine eligibility based on wear patterns and adherence to care instructions, ensuring a process rooted in fairness and technical integrity.
