

Design the Future of Brighton's Seafront

A creative project for students, schools and parents

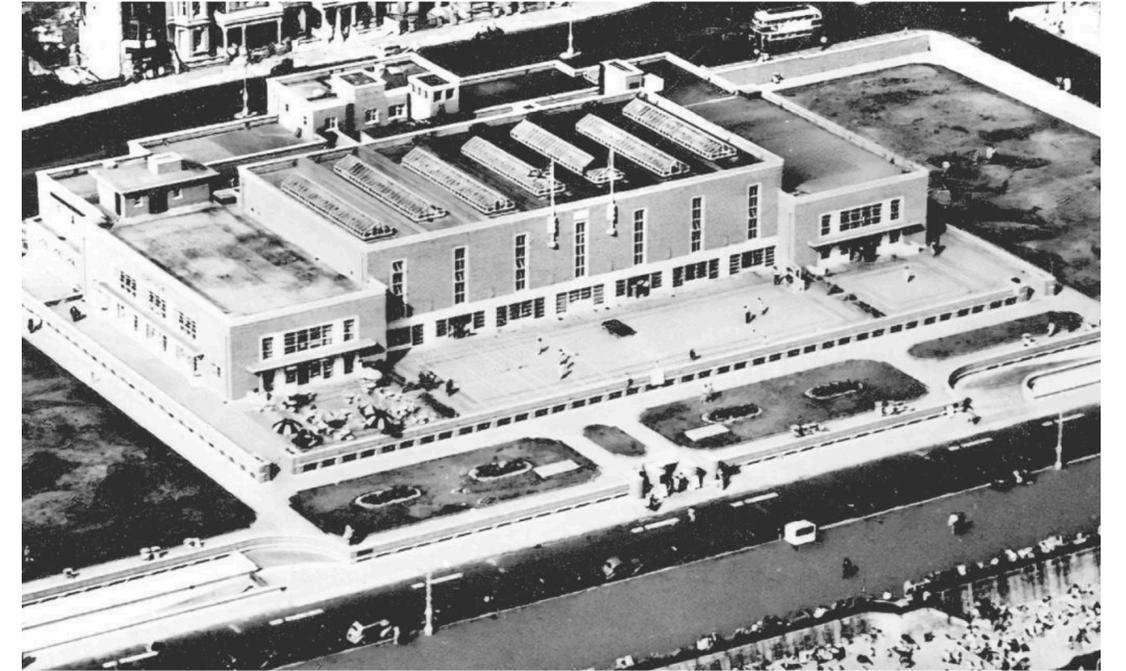

<https://www.savethekingalfred.co.uk>

5 facts about King Alfred Leisure Centre

1. The King Alfred was built in 1939
2. It was used as a Royal Navy training centre during WWII
3. It has served generations of Brighton & Hove residents for over 80 years
4. It sits on a prominent seafront site in Hove
5. The proposed redevelopment could reduce usable leisure space

The King Alfred of the 1930s

The King Alfred today

What should the future King Alfred look like?

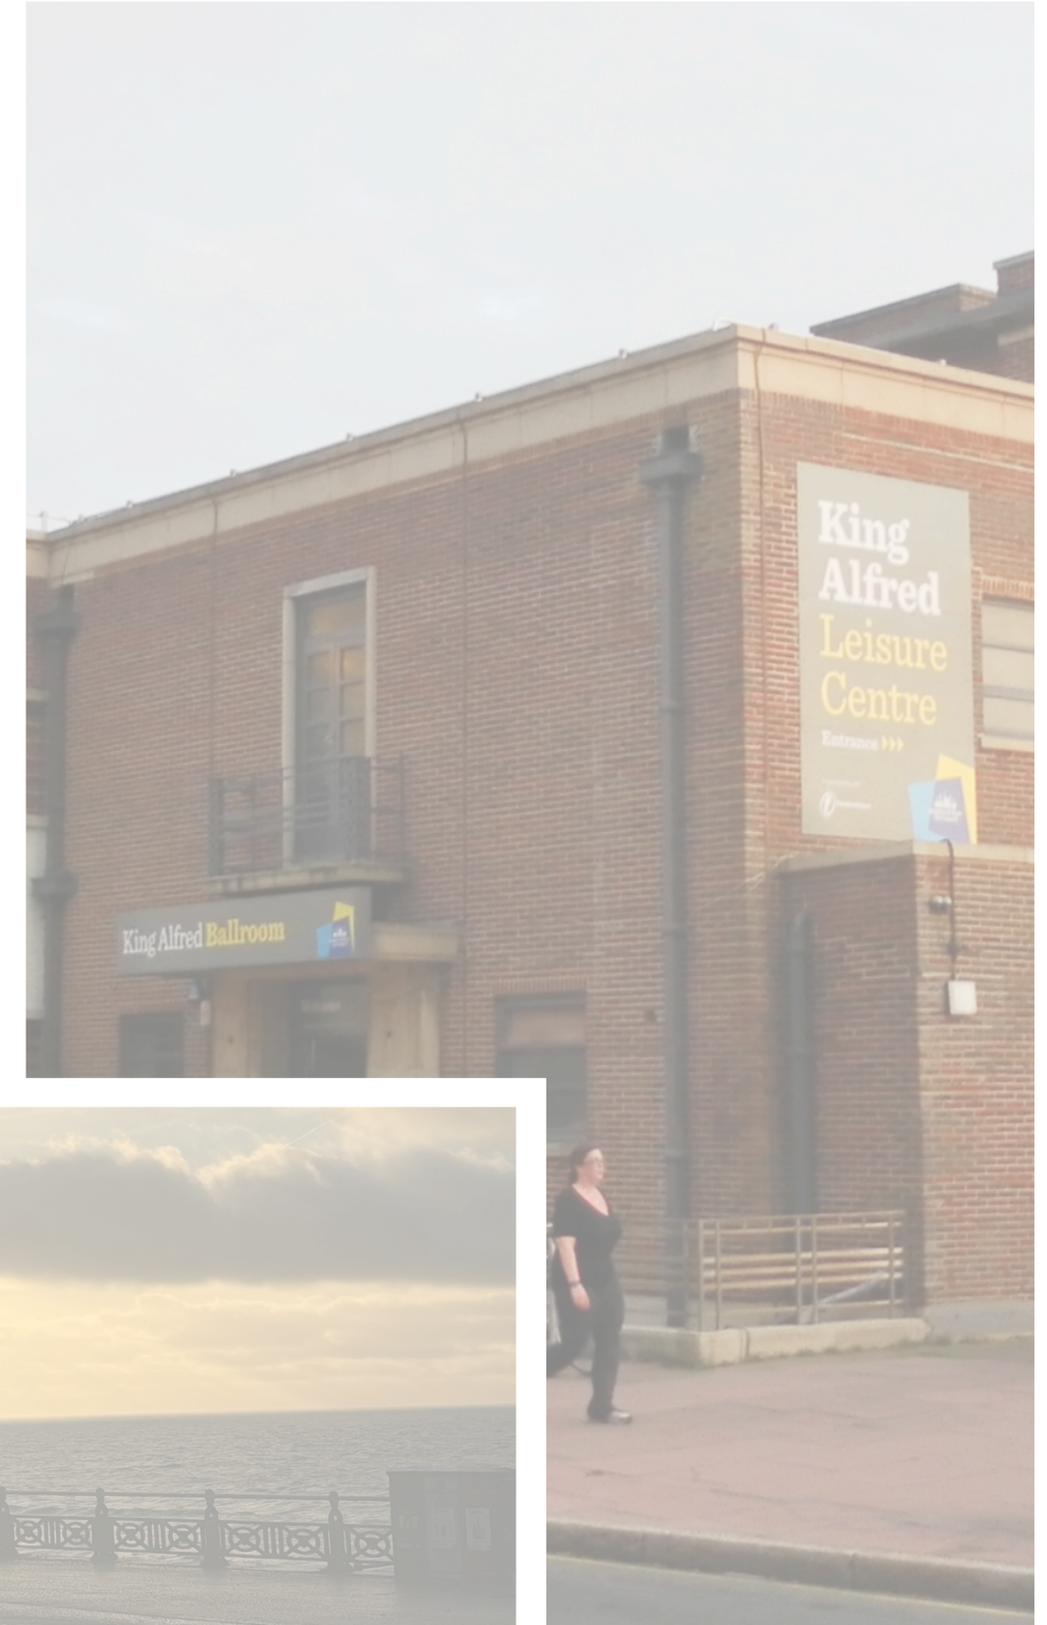

Draw your idea here! What would you include?

Share your ideas!

Design the future of the King Alfred

Here are some ideas you can use

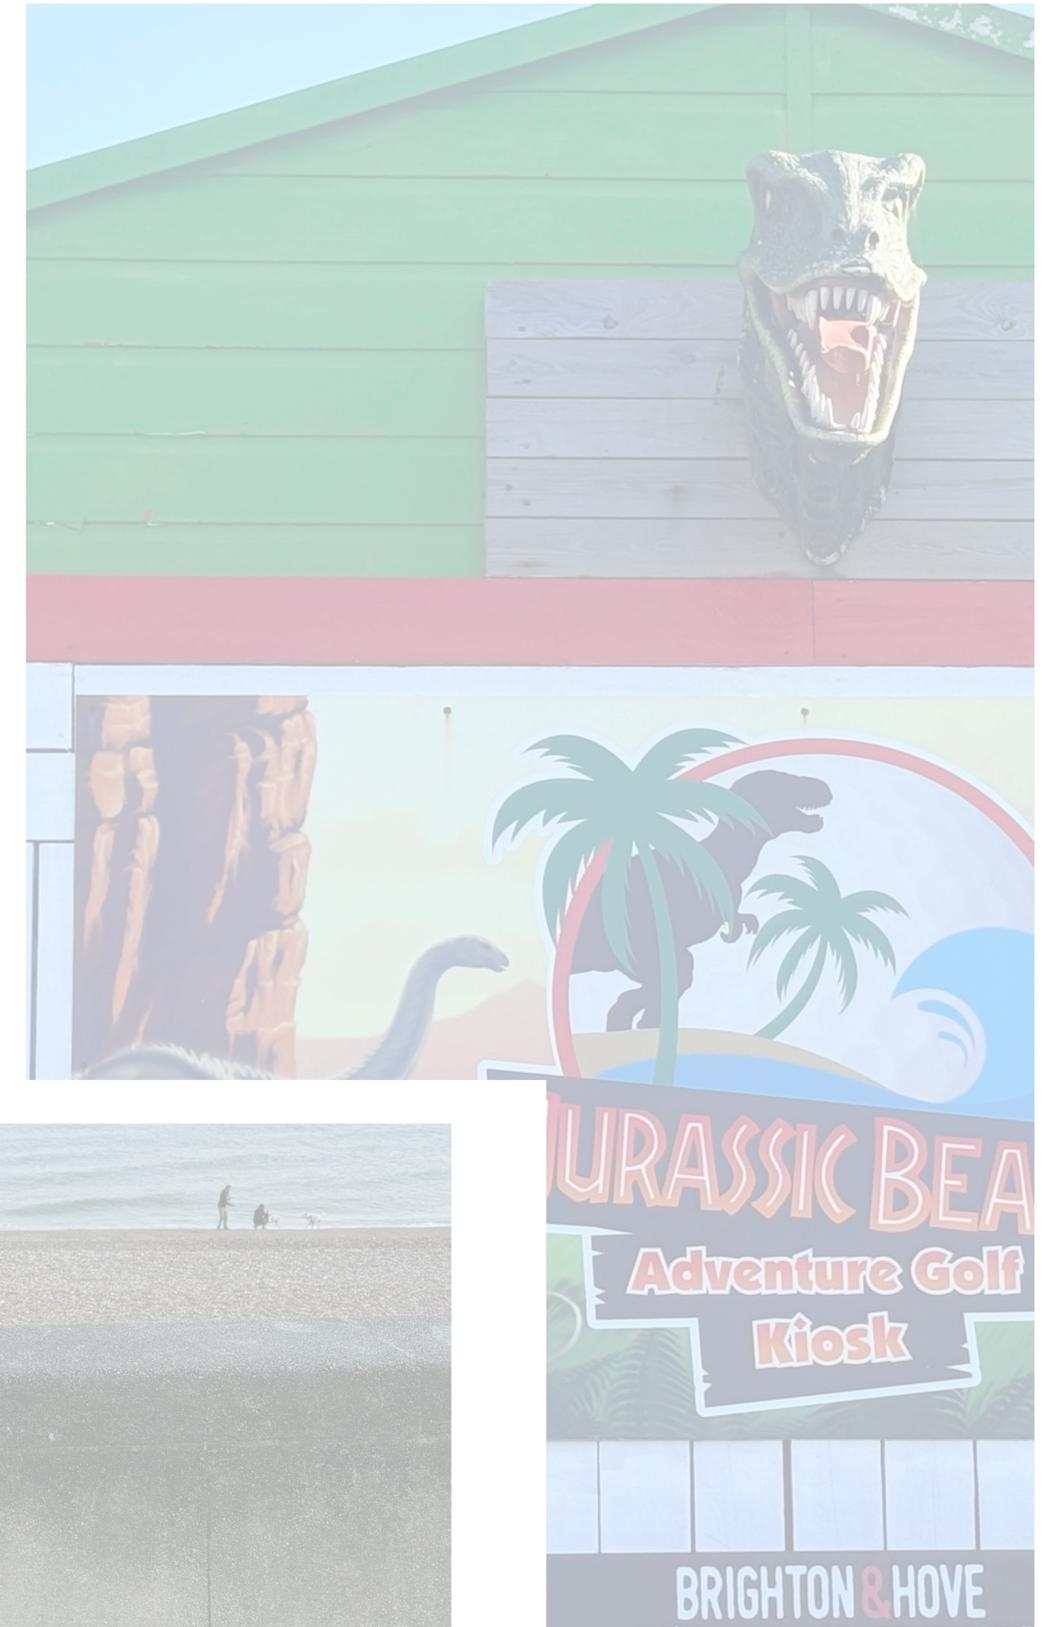

- a poster
- a drawing
- a letter
- a short video

Show everyone!

For teachers and parents

Overview

This activity encourages students to explore:

- Citizenship – understanding local decision making
- Community spaces – how cities serve residents
- Creative expression – sharing ideas through art or writing
- Local history – learning about an important Brighton landmark

Students are invited to imagine:

What should the future of Brighton's seafront look like for the next generation?

This activity can support learning in:

- Citizenship
- Art & Design
- English (letter writing)
- Local History
