

# FLOOR STANDING DEHUMIDIFIER

## Application:

- Controlling humidity to prevent mold, protecting valuable, and drying materials.
- Industrial and Commercial Storage
- Manufacturing and assembly plants
- Food and beverage production
- Data centres and archives
- Pharmaceutical and research facilities
- Educational and healthcare institutions

## TECHNICAL SPECIFICATIONS

Model	DH-150
Dehumidification Capacity (30°C,80%RH)	150 litres/ day
Power Supply	220-240V/1Ph/50Hz
Maximum Rated Power	2300 W
Rated Input Current	11 A
Noise Level	≤55dB(A)
Air Circulation	1800 m3/hr
Working Humidity Range	30-80%
Working Temperature	5-38°C
Product Dimension	400mm L x 480mm W x 940mm H
Refrigerant	R410a
Net Weight	58 kg

## Key Features:

- Modern & Maintenance Friendly
- Design : Compact and easy to service.
- Quiet Performance :Low-noise operation for minimal disturbance.
- Accurate Humidity Control : Microprocessor and high-precision sensor for reliable monitoring.
- Air Filtration System : Prevents dust and contaminants from entering
- Real-Time Display: Clear humidity readout for easy adjustments.

## Why Choose Our Rental Service?

- \* **Flexible Rental Rate** – Daily , Weekly , Monthly Rental Option
- \* **Professional Setup** – Our experience teams ensure quick installation with optimal positioning for maximum cooling effect

\* Defrost once temperature under 18°C
