## ABOUT US

# Who We Are

**Trinay Overseas** is a Bangalore-based merchant exporter of premium, single-origin essential oils, sourced from India's finest botanical regions through trusted distillation partners.

We supply fragrance houses, cosmetic manufacturers, wellness brands, and private-label businesses with carefully sourced natural ingredients supported by comprehensive documentation, including GC/MS analysis, COA, MSDS, and export-ready certifications.

Rooted in India's botanical heritage and guided by a quality-first approach, we bridge trusted Indian sourcing with the standards global buyers expect, delivering consistency, transparency, and reliable partnerships with every shipment.

| ORIGIN     | India                           |
| PLANT PART | Roots                           |
| EXTRACTION | Steam distilled                 |
| CAS #      | 8016-96-4                       |
| COLOR      | Brown to reddish brown to olive |
| ODOR       | Smoky, woody, earthy, sweet     |

## 05 Lemongrass

*Cymbopogon citratus*

|            |                                                    |
|------------|----------------------------------------------------|
| ORIGIN     | India                                              |
| PLANT PART | Leaves                                             |
| EXTRACTION | Steam distilled                                    |
| CAS #      | 8007-02-1                                          |
| COLOR      | Pale yellow to light golden                        |
| ODOR       | Fresh, lemony, with a slight grassy or herbal note |

## 06 Lavender

*Lavandula angustifolia*

|            |                                      |
|------------|--------------------------------------|
| ORIGIN     | India/Bulgaria                       |
| PLANT PART | Flowering tops                       |
| EXTRACTION | Steam distilled                      |
| CAS #      | 8000-28-0                            |
| COLOR      | Pale yellow to light greenish-yellow |
| ODOR       | Floral, herbaceous and lightly sweet |

## 07 Tea Tree

*Melaleuca alternifolia*

|            |                                 |
|------------|---------------------------------|
| ORIGIN     | India                           |
| PLANT PART | Leaves                          |
| EXTRACTION | Steam distilled                 |
| CAS #      | 68647-73-4                      |
| COLOR      | Pale yellow to clear            |
| ODOR       | Earthy, woody, spicy, medicinal |

## 08 Clove

*Syzygium aromaticum*

|            |                                                              |
|------------|--------------------------------------------------------------|
| ORIGIN     | India/Sri Lanka                                              |
| PLANT PART | Leaves/Buds                                                  |
| EXTRACTION | Steam distilled                                              |
| CAS #      | 8000-34-8                                                    |
| COLOR      | Pale yellow to light brown                                   |
| ODOR       | Strong, spicy, warm with a characteristic strong clove aroma |

## 09 Palmarosa

*Cymbopogon martinii*

|            |                                                        |
|------------|--------------------------------------------------------|
| ORIGIN     | India                                                  |
| PLANT PART | Stem                                                   |
| EXTRACTION | Steam distilled                                        |
| CAS #      | 8014-19-5                                              |
| COLOR      | Pale yellow to light golden                            |
| ODOR       | Floral, rosy, with a slight herbaceous or citrusy note |

## 10 Citronella

*Cymbopogon winterianus*

|            |                                           |
|------------|-------------------------------------------|
| ORIGIN     | India                                     |
| PLANT PART | Leaf and stem                             |
| EXTRACTION | Steam distilled                           |
| CAS #      | 8000-29-1                                 |
| APPEARANCE | Pale yellow to brownish yellow            |
| ODOR       | Strong, lemon-like aroma, floral and rosy |

## 11 Frankincense

*Boswellia sacra*

|            |                                 |
|------------|---------------------------------|
| ORIGIN     | India                           |
| PLANT PART | Trees                           |
| EXTRACTION | Steam distilled                 |
| CAS #      | 8016-36-2                       |
| COLOR      | Clear, colorless to pale yellow |
| ODOR       | Herbaceous                      |

## 12 Rosemary

*Salvia rosmarinus* (syn. *Rosmarinus officinalis*)

|            |                                       |
|------------|---------------------------------------|
| ORIGIN     | India                                 |
| PLANT PART | Leaves / aerial parts                 |
| EXTRACTION | Steam distilled                       |
| CAS #      | 8000-25-7                             |
| COLOR      | Pale yellow to clear                  |
| ODOR       | Fresh, herbaceous, slightly medicinal |

## 13 Turmeric

*Curcuma longa*

|            |                                                                             |
|------------|-----------------------------------------------------------------------------|
| ORIGIN     | India                                                                       |
| PLANT PART | Rhizome                                                                     |
| EXTRACTION | Steam distilled                                                             |
| CAS #      | 84775-52-0                                                                  |
| COLOR      | Deep orange to brownish yellow                                              |
| ODOR       | Earthy, woody, with a warm, spicy, and slightly peppery curcumin-like aroma |

## 14 Ginger

*Zingiber officinale*

|            |                      |
|------------|----------------------|
| ORIGIN     | India                |
| PLANT PART | Branches and leaves  |
| EXTRACTION | Steam distilled      |
| CAS #      | 8007-08-7            |
| COLOR      | Pale yellow to amber |
| ODOR       | Spicy, warm, pungent |

## 15 Davana

*Artemisia pallens*

|            |                          |
|------------|--------------------------|
| ORIGIN     | India                    |
| PLANT PART | Flowers and stem         |
| EXTRACTION | Steam distilled          |
| CAS #      | 8016-03-3                |
| COLOR      | Brownish yellow to brown |
| ODOR       | Sweet, fruity            |

## Need Something Else?

Can't find the oil you're looking for?

As a merchant exporter, we source a wide range of natural ingredients through our trusted supplier network across India.

Simply share your requirements, we'll take care of the rest.

LET'S WORK TOGETHER

# Request a quote or a *sample*

Tell us what you need and we'll respond promptly with pricing, availability and documentation. Sharing a few details upfront helps us quote faster and accurately.
