11. "IRONCROWN". A medieval king with a rebellious rocker vibe is sitting confidently on a throne made from motorcycle parts, exhaust pipes, gears, chains, and chrome handlebars. He wears a dark leather jacket with metal studs, a heavy crown forged from twisted bike spokes and rusted steel. His beard is rugged, and his eyes stare straight ahead with attitude. One hand grips the hilt of a sword, the other rests on the armrest shaped like a motorcycle engine.
12. The background is a moody medieval hall with flickering torchlight casting dramatic shadows on cracked stone walls. Light beams cut through a dusty atmosphere, creating a powerful contrast between the old world and the modern metal elements. The mood is epic, gritty, and intense, perfect for a hard rock album with a medieval edge.
13. Create image A modern cinematic poster design in portrait ratio for an 80s-inspired party called "Neonova", happening on 03 April 2025. In the center of the poster, a stylish woman is dancing with confidence, she has classic 80s hair, bold makeup, and wears a retro outfit with bright neon leggings, a crop top, and leg warmers. She strikes a dynamic pose, caught mid-move, with dramatic lighting enhancing her silhouette.
14. The background features a vibrant retro-futuristic party scene, filled with glowing grid lines, laser lights, and colorful neon signs. The color palette includes electric blue, hot pink, purple, and sunset orange. Reflections on the floor, a faint vaporwave haze, and

- shiny chrome accents give it a polished, cinematic feel. The overall atmosphere is full of energy, like a stylish throwback to a futuristic 80s nightclub.
15. The event title "Neonova" is displayed in a glowing 80s synth-style font at the top, and the date "03 April 2025" appears below it in smaller text with retro digital numbers. The entire design blends nostalgic vibes with modern photo-realistic lighting for a bold, unforgettable poster.
  16. Create image A cinematic book cover in portrait ratio for the novel "Wandercode" by AI2PLAY. A lost, rusty robot stands alone in a vast fantasy landscape, surrounded by misty mountains and twisted ancient trees. Its metal body is worn and damaged, with glowing eyes that reflect a sense of longing. The scene is dramatic, with moody lighting and a hint of magic in the air. The style is cinematic and photo-realistic, blending sci-fi and fantasy in a powerful visual.
  17. mockup that image on an actual book to see how it looks like, the books is on a table, morning light, closeup
  18. Create image A square illustration featuring the Zen quote: "Let go, or be dragged." A calm nature scene with a minimal art style. A lone figure sits in meditation under a twisted tree near a still pond. Soft mist surrounds the area, with distant mountains fading into the background. Gentle pastel colors and soft lighting create a peaceful mood. Cherry blossom petals float in the air. The quote is written in a clean, brush-style font, placed clearly in the sky area or top half of the image. The overall style is quiet, balanced, and reflective.
  19. Create image A cinematic portrait-ratio poster showcasing the futuristic AI robot "ChatGPT3000", released in the year 2048. The robot stands in the center, tall and sleek, with an advanced humanoid design-smooth metallic surfaces, glowing circuitry lines, and expressive digital eyes. Its body features a blend of polished chrome and matte dark panels, with small glowing indicators on the arms and chest. The head design is streamlined and expressive, symbolizing intelligence and connection. Behind the robot, a glowing tech-core city fades into the background, filled with floating vehicles, holograms, and high-rise towers with neon signage. Beams of light shine down like a stage spotlight, illuminating the figure with power and presence.  
**Bold headline at the top: "CHATGPT3000- The Future Thinks Differently."**  
**Subheading below: "From the labs of tomorrow, born in 2048. Smarter. Faster. Human."**  
**At the bottom of the poster, a call-to-action in sleek futuristic font "Replace your outdated bots. The future has arrived."**  
**Color palette: electric blue, deep violet, black chrome, and cool neon glows. Poster style is cinematic, high contrast, with lens flares, soft depth of field, and dramatic lighting that enhances every detail of the robot.**
  20. Create image A wide-ratio flyer design for the "AI ART Convention" event taking place in London on May 3, 2025. The main visual shows a futuristic robot artist sitting or standing in front of an easel, painting a vibrant, abstract piece with expressive brushstrokes. The robot has a sleek, semi-humanoid design with articulated fingers, glowing accents, and a slightly worn, creative look-like an artist deep in thought. Paint splashes and tools are scattered on a modern workstation around it, blending high-tech and artistic vibes.

The background features a clean, well-lit studio with tall windows and London skyline elements visible in the distance. Subtle digital projections or AR-like art elements float around, hinting at the fusion of traditional and AI-generated art.

Text on the flyer:

Title: "Inside a Cartoon Squirrel"  
Style: Cute, colorful cartoon illustration in flat or semi-flat style with soft outlines and textures. Pastel and warm tones (browns, peach, soft red, light green)  
Layout: A side-view cross-section of a cartoon squirrel standing upright. The left side of the body is intact, while the right side is sliced open to show labeled cartoon-style internal organs.  
Organs to Include:

**Computer Academy**

Written &amp; Composed By Aamir Shujaat.

Brain (small and pink, with "Thinking of Nuts" text)  
 Heart (shaped like an acorn)  
 Lungs (two fluffy pink sacs)  
 Stomach (filled with nuts, berries, and maybe a cookie)  
 Liver (stylized like a peanut)  
 Intestines (simple coil, soft peach color)  
 Bladder (tiny water droplet symbol)  
 Bonus: a "Nut Storage Pouch" near the belly  
 Labels:

Use fun handwritten-style font

Add cute notes like "Nut Sensor" near the nose or "Tail Balancer" in the tail

Arrows or dotted lines point from labels to the organs

Design Notes:

Background: light beige or forest green

## 26. Design Notes:

Background: light beige or forest green

Outline style: soft brown, not harsh black

Text and elements spaced clearly for educational feel

## 28. Create image A concept illustration showing "How AI Thinks" as a factory-like brain with conveyor belts moving data, robots organizing information, lightbulbs representing ideas, and pipes labeled "input" and "output". Bright flat design with pastel colors, fun and educational style.

29. Create image A highly detailed, scientific-style microscopic image of a virus particle. The virus is spherical with realistic surface texture and spike proteins protruding evenly across the surface. Each spike has a bulbous tip and is arranged symmetrically, similar to real virus structures like influenza or SARS-CoV-2. The surface of the virus is bumpy and irregular, with a translucent membrane and soft biological shading.

Background is a blurry, fluid-like microscopic environment in cool tones (blue, teal, and purple), with depth of field and light diffusion to simulate a lab microscope view. Style is realistic and scientific, not cartoonish. The image is clean, medical-grade quality, suitable for educational or research visuals.

30. Create image Create image A wide-ratio illustrated fantasy map of a medieval kingdom named "Elarindor". The map features hand-drawn elements with aged parchment texture, faded ink outlines, and decorative borders. In the center of the kingdom lies the great fortress of Vardelspire-an imposing stone stronghold perched atop a cliff, overlooking the Silvermaw River that winds through the land. A To the north, the Ironhorn Mountains rise with sharp peaks and snowcaps. To the west, the dark green expanse of the Eldenroot Forest spreads thick and wild, with mysterious symbols hidden within the trees. Small villages, old roads, and banners are scattered across the map, with hills and farmland gently fading toward the eastern plains. Add a compass rose, map scale, and medieval-style place names with curled calligraphy. Use natural earth tones-soft browns mossy greens, cold greys, and pale blues. The design should feel ancient, detailed, and full of story potential.

Imagine Prompt: A highly detailed 3D diorama-style illustration of a "Think Tech" Coffee-themed disposable paper cup. The cup has a bright white lid and features a miniature indoor local coffee shop scene built into the front of the cup. Inside the café, a smiling barista wearing a barista outfit stands behind the wooden counter. Two customers in hill tribe outfit sit in front, happily chatting while holding white mugs.

Imagine I am wearing a red cap and holding a laptop, sitting on a stool next to a large 3D Instagram-style frame. The frame shows his photo inside, styled like an Instagram post, with 3D social media icons (like, comment, follow) floating around. Background is an indoor modern setting with warm lighting. The man is smiling, dressed casually in a flannel shirt and Black pants. The base of the frame has bold yellow text with his name "Aamir Think Tech". Clean, professional look, vibrant colors, cinematic lighting.

Create a hyper-realistic 3D render of a person holding a futuristic, glowing social media profile card. The card is semi-transparent with neon edges, featuring a stylized cartoon avatar of a male with large eyes and a friendly expression. Use the facial expressions from attached photo. The layout mimics an Instagram profile with icons and text including: name "Aamir Shujaat", title "Think Tech", username "@thinktech", and stats showing "50Posts", "32.6k Followers", and "654.8k Likes". The background is softly blurred with warm tones to highlight the glowing effect of the card. The style should be clean, professional, and visually captivating.

Prompt: "A hyper-realistic digital artwork of a monumental stone statue under construction, depicting a young man with glasses and a mustache, wearing a T-shirt. The statue is being built in a vast open construction site under a dramatic, overcast sky. Several workers in yellow hard hats are seen working with scaffolding, cranes, and construction tools. The atmosphere is gritty, industrial, and cinematic, evoking a sense of awe and grandeur."
