RECOMMENDATION

Date: 02/01/2024

To whom it may concern

SKM ACs specializes in the business of providing Heating, Ventilation and Air Conditioning equipment solutions of Standard and Customized requirements. With the new emerging market conditions and rising demand for more high-end quality and Competitive products, we are driven by a strong desire to serve our customers with the best solutions, competitive prices, and services.

Below are some of the highlights of our Business:

- Established in the year 1974, Four decades ago, SKM Air Conditioning LLC is one of the leading manufacturers of HVAC (Heating, Ventilation, and Air Conditioning) equipment in the Gulf located at Sharjah, UAE.
- SKM established a HVAC factory in the 2nd Industrial City in Dammam, Saudi Arabia, dedicated to the production of various air conditioning equipment.
- SKM is the recipient of ISO 9001:2015, ISO 14001:2015 and OHSAS 18001:2007 certifications. Additionally, its products are certified by internationally recognized testing and certification bodies such as SASO, AHRI, EV, TUV, UL, ATEX (IECEX) approval for Explosion-proof units.

In order to serve our customer and provide full solutions we are teaming up with several contractors which are considered as partners with SKM ACs in order to provide full contracting solutions in addition to our main scope of supplying HVAC units.

Kindly note that CR 703752965 Riyadh, KSA, to Promote, is one of our authorized and approved contractors to install, startup, test and commission our units, all conditions are applicable under SKM General Terms and Conditions.

Future Pillars Company
Engineering: Hazem Radwan

Dear Mr. Hazem Radwan

On behalf of Goody's Burger House, I would like to extend our heartfelt thanks for the outstanding work completed on the two Goody's Burger House stores project in Riyadh. The professionalism, expertise, and dedication your team displayed throughout the process were instrumental to the project's success.

From initial planning through to completion, your team demonstrated excellent communication, adherence to timelines (even ahead of the planned completion), and a proactive approach to problem-solving. We are especially grateful for the attention to detail and commitment to quality that everyone brought to their work, as well as the efforts to ensure the safety and cleanliness of the site.

The results exceeded our expectations, and we have received positive feedback from our team and stakeholders. We appreciate the way your company kept our goals at the forefront while executing the work efficiently and effectively.

Thank you once again for your partnership on this project. We look forward to working with Future Pillars Company on future endeavors.

Warm regards,

Minas Patanas
