# > INTRODUCTION

Redefining the Art of  
Gaming Design

**At Baz SetUp** we specialize in pioneering the design and execution of **luxury gaming environments** that , merge technology, architecture, and emotion , We don't just build spaces – we engineer experiences

Our work redefines interior design standards by transforming ordinary rooms into immersive worlds that inspire focus, competition, and creativity

Every project we deliver reflects our passion for innovation, precision, and excellence – setting **Baz SetUp** apart as the **first and only company in the World** fully dedicated to the art of Gaming Space Design

As part of Baz Station long-term vision for 2030, **Baz SetUp** serves as the foundation for a global ecosystem that integrates design, innovation, and technology – bridging interior design with the future of interactive entertainment

At Baz SetUp, we specialize in pioneering the design and execution of *luxury gaming environments* that merge technology, architecture, and emotion

# > ABOUT US

Crafting the Future of Luxury  
Gaming Spaces

**At Baz SetUp** we are redefining the intersection of design, technology, and lifestyle through the creation of **luxury gaming environments**, Founded in Abu Dhabi, we proudly stand as the first company in the World specialized in designing and executing high-end gaming spaces that combine innovation, architecture, and emotion in one experience

Our **philosophy** is simple – every space should tell a story.

Each Baz SetUp project is a **reflection of personality, ambition, and emotion** , We transform empty rooms into immersive, functional art pieces that enhance focus, creativity, and performance

What sets **Baz SetUp** apart is our complete in-house approach.

From concept design to execution and lighting control systems, every element is crafted by our specialized team to ensure unmatched precision and quality , This vertical integration – **supported by Baz Lab** (our in-house technology division) – allows us to blend artistic design with intelligent functionality in every project

,**Our mission** is to elevate the global standard of gaming design **from the UAE to the world** , We aim to represent the excellence innovation, and creative spirit of our nation by delivering projects that inspire and set new benchmarks in the industry

"We don't design spaces – we create worlds"

## > OUR MILESTONES

Defining Moments of Growth and Innovation

What started as a **personal passion project** during the global pandemic evolved into a regional design powerhouse redefining the **world of gaming interiors**

Every **milestone** in **Baz SetUp** journey reflects innovation, resilience, and an unwavering commitment to excellence

# > COMPETITIVE

At Baz Station, we embody the UAE's vision by uniting **industry, entertainment, technology, and academic development** under one umbrella — all within the specialized world of gaming

Baz Station is **100% uae company**, reinforcing trust in our national identity and commitment to local quality values

At Baz Station, we boast extensive **experience** and high efficiency in executing gaming decor projects, ensuring precise and professional implementation according to the highest quality standards

We are the **first company** specialized in gaming decor in the Middle East, that's making us leaders in this field

We provide a **warranty** on our decor work and offer after-sales service to ensure complete customer satisfaction and maintain the quality of our work

We excel in innovation and creativity in our designs, giving our projects a unique touch compared to other companies

We plan, design and implement, all through our specialized team (**everything you want in one place**)

## ► SIGNATURE PROJECTS

Where Vision Becomes Reality

Every **masterpiece** begins with a spark — an idea that challenges what's possible

At **Baz SetUp**, our projects are not simply designed; they are engineered experiences, blending architecture, light, and technology into worlds that speak to emotion, precision, and performance

Each creation reflects **our philosophy**

"We don't design gaming rooms — we design how they make you feel"

Our signature portfolio represents milestones that defined not only our brand but also the **future of gaming** design in the region

From **royal private suites** to **global influencer studios** and **professional esports arenas**, every Baz project **tells a story** of imagination turned into reality
