Machine Stretch Foil

Machine stretch Foil is used for machine wrapping the products.

We are able to supply machine stretch foil from 15 µm to 30 µm in thickness and width up to 500 mm, depending on the Customer's needs. And small machine stretch foil from 23 µm in thickness and width from 250 mm.

Thickness	Small 23 µm	Power 15 20 30 µm	Power 17 23 µm	Super Power 15 20 30 µm	Super Power 17 23 µm
Material	LLDPE	LLDPE	LLDPE	LLDPE	LLDPE
Width	250 mm	500 mm	500 mm	500 mm	500 mm
Weight	8 kg	16 kg	5 8 16 kg	16 kg	5 8 16 kg
Stretchability	250%	250%	250%	350%	350%
Color	transparent				

Transport packing pallet			
Small	Power & Super Power		
8 kg	5 kg	8 kg	16 kg
100 rolls	206 rolls	126 rolls	46 62 rolls

Available Refinements:

Frozen
films resistant to low temperatures.

UV
the material shows increased resistance to UV radiation.

Food
food safe films that may come into direct contact with it.

High Cling
Increased stickiness of the film, a solution dedicated to confectioners.

OSC (High Slip)
Slippery films dedicated to the close storage of products. Prevents the phenomenon of „pallet sticking“.

Product masking
The colored films effectively conceal the contents of the cargo.
