WELCOME ABOARD!

It is an honor to introduce “National Charter”!

We are an international team of aviation professionals with years of vast experience gained at world’s top aviation brokers. We will arrange smooth & hassle-free service configured for your specific needs whether you fly private jet or company charter. It is really that easy for our clients, thanks to digital technologies and our unique comprehensive ‘Flight Care’ service.

We are proud that 92% of our clients return for more orders, and our services are requested by diverse clientele like VIP customers or global companies. We also provide special service of fleet management for aircraft owners. Today we operate 3 of such airplanes.

Making dreams fly true!

Please, subscribe to our [LinkedIn](#), where we publish business aviation news & highlights, together with new perks and special offers for our clients.

AVIATION ASSETS MANAGEMENT

For owners of business aviation assets:

- Expense audit and optimal aircraft maintenance strategy
- Turnkey maintenance and operation — full management of airplane, including planning, dispatching and commercial operations, routine and scheduled maintenance. This sufficiently increases reselling value
- Aircraft resale preparation, legal guidance and supervision
- FBO management of private ground terminals

For business aviation investors:

- Business aviation investment consulting
- Selection of appropriate airframe and option of ownership for specific needs
- Full documentation and legal support of assets acquisition & sales
- Selection of an operator/jurisdiction and registration supervision

CUSTOMER PRIVILEGES

€10'000 GRANT

Awarded to client right after the first flight!

Our loyalty program has 3 privilege levels:

- **Gold** — reduces flight cost by **€500**
- **Platinum** — reduces flight cost by **€1'000**
- **Diamond** — reduces flight cost by **€1'500**

€10'000 grant is provided after completing the first flight with National Charter and subsequently & gradually used for next flights within customer privilege levels Gold & Platinum when ordering business jet within term of 360 days.

Status upgrade condition — certain amount of flights within a year from the first flight date: 5 flights for upgrade to Platinum level and 12 flights to become Diamond. Diamond status provides €1'500 discount for each flight within the next 360 days (however no grant is issued) and extended for the next year if 12+ flights are accomplished.

If client of Platinum / Diamond levels orders less than 12 / 12+ flights within term of 360 days, their status is lowered 1 level and grant balance is reset to zero or otherwise to a new €10'000 grant if a new flight is ordered.
