COMPANY PROFILE

Buildings | Electrical and mechanical | Construction of roads and earthworks | Water and Sewer Reticulation
| Ground and elevated reservoirs and many other developments in Civil engineering

INTRO.

Ramodisa Projects is 100% citizen construction company incorporated in Botswana under certificate of incorporation No: CO.199/1685, Ramodisa Projects(Pty) Ltd is a Civil Engineering and structural building construction company, which majors in infrastructure development ranging from:

- Buildings
- Electrical and mechanical
- Construction of roads and earthworks
- Water and Sewer Reticulation
- Ground and elevated reservoirs and many other developments in Civil engineering

Ramodisa Projects (Pty) Ltd has positioned itself as a dynamic in the delivery of quality and Civil engineering products. By strategically positioning quality management at the heart of its operations, Ramodisa has bound together the full value chain of an infrastructure development company, thus embedding the concept of triple bottom line management culture, which is central to reinforcing sustainability and delivering a quality outcome to all stakeholders.

WHAT DRIVES OUR BUSINESS?

Ramodisa Projects relies on the demand for engineering, construction, electrical and mechanical engineering services that support gross fixed capital formation.

The company has a clear strategy of using its collective skills and understanding of markets to develop a unique value proposition to its clients

The company's years of experience innovation and exceptional quality differentiate our approach delivering integrated solutions notwithstanding the diversity and complexity of an exponentially changing environment.

MISSION & VISION STATEMENT

Ramodisa Projects strives to live by its core values of:

- Excellence
- Customer focus
- Innovation
- Transformation
- Integrity & Performance

VISION

We seek to be the preferred partner in the provision of comprehensive infrastructure services within and beyond the borders of Botswana

MISSION

Our mission is to remain reliable and efficient in the provision good quality projects in the construction industry.

SAFETY, HEALTH AND ENVIRONMENT MANAGEMENT

Ramodisa's safety, health and environment (SHE) policy and practices centers around a zero-harm philosophy towards people, host communities and the environment. Although Ramodisa Projects operates in a country with high government standards, it consistently enforces a standard of approach to SHE and does not compromise its standards of conduct when implementing construction projects.

BUSINESS APPROACH

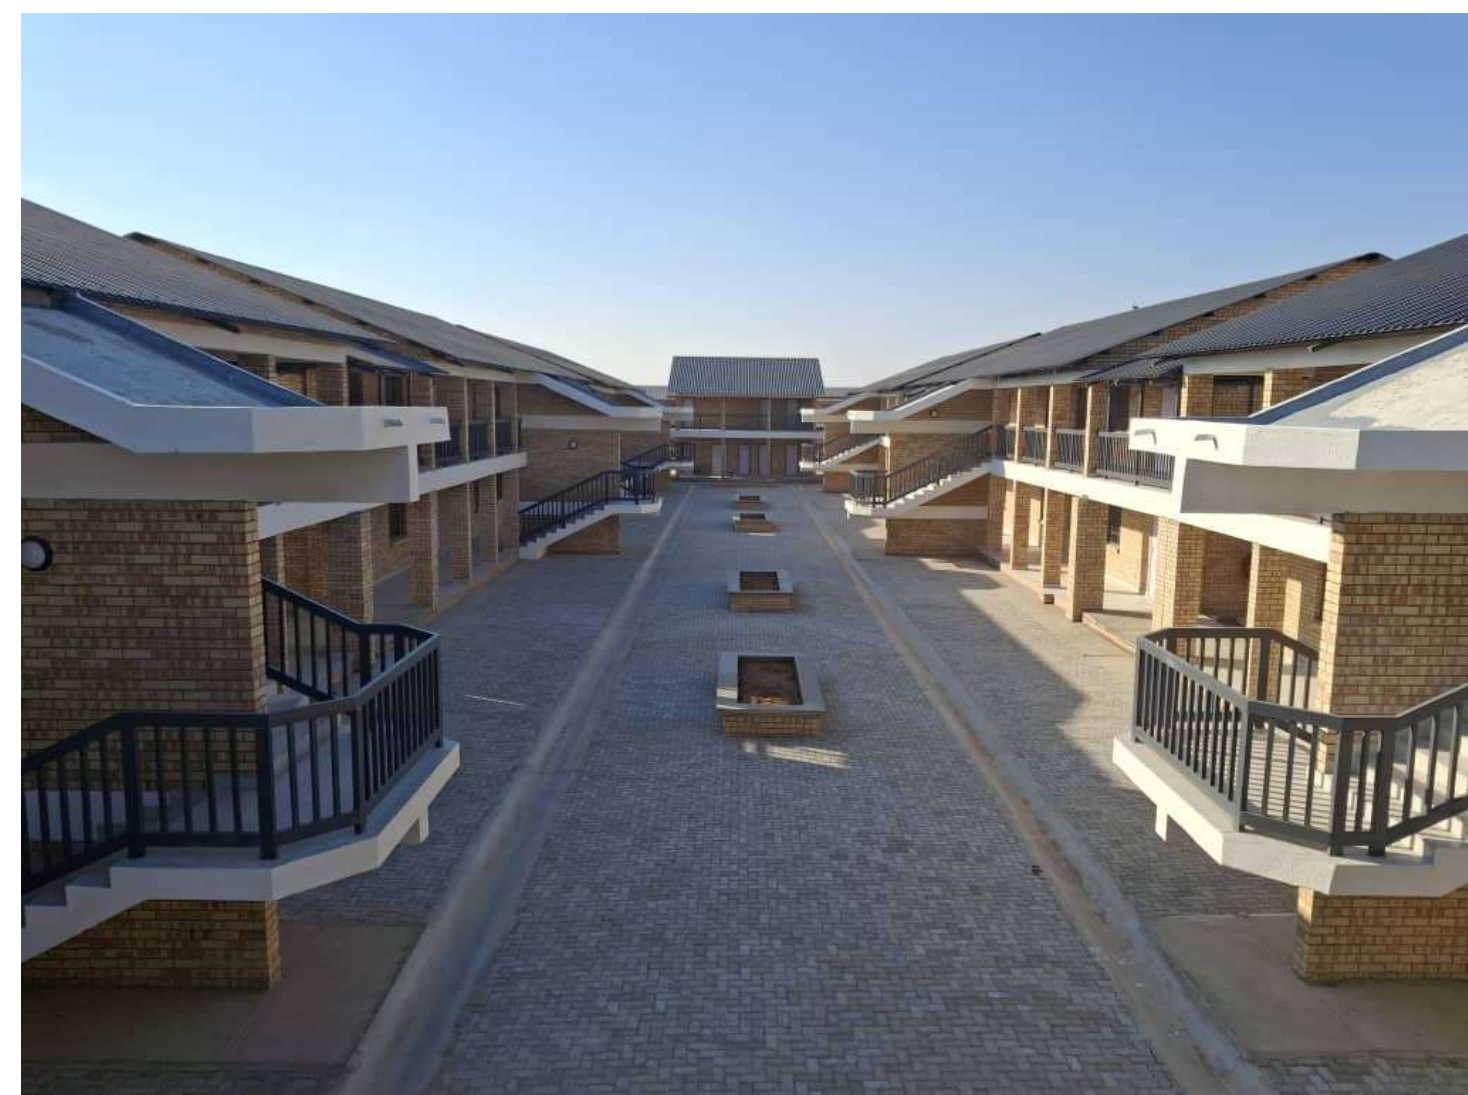

Ramodisa Projects business is supported by an integrated quality management system that underpins every aspect of our operations.

By strategically positioning quality management at the heart of its operations. Ramodisa Projects has bound together the full value chain of an infrastructure company, thus embedding the concept of a triple bottom line management culture, which is central to reinforcing sustainability and delivering a quality outcome to all clients.

Quality management is the cornerstone of Ramodisa Projects(Pty)Ltd operational culture and business approach

The company has over-arching measures to consistently monitor performance and aims to empower employees to live its corporate values.

CORE WORK

SAFETY

Safety is a responsibility of every employee. At Ramodisa Projects we understand that accidents are prevented through cautions planning appropriate training, and cooperative efforts in all areas of our operations. All our work is performed in the safest possible manner.

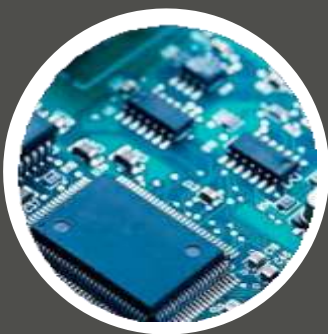

The challenges and advantages faced by the construction industry are unique in terms of safety. When methods and techniques have improved in a manner that consistently increasing and productivity, the accident incidence for construction continues to be a concern, particularly as high-rise buildings are being constructed throughout. More effective preventative measures are therefore always identified and implemented at all our work sites.

CONSTANT IMPROVEMENT

Ramodisa Projects has a tradition of fine performance, founded on a commitment to execute construction projects within budget and according to specifications. The company has established itself as one of the most highly regarded companies by continually improving the quality of its work.

The dire and commitment to improve on everything we do here is of the utmost importance to Ramodisa Projects. This unwavering dedication towards progression is what broadens the focus of our business and allows our employees to thoroughly examine every aspect of their performance at the company.

Through this process, we remain steadfast in our tradition to deliver superior performance, attention to safety issues, satisfaction to our clients and fulfillment for our employees.

SERVICES

As a full-service construction company, Ramodisa Projects essentially assists clients from the very onset to the completion of their project, we become partners with our clients in understanding the five basic function of

- Defining and establishing the scope of the construction
- Pre-construction project planning including preparation and scheduling of the projects, phasing plans, budgeting/ cost-modeling, subcontractor etc.
- On-site execution of the project includes scheduling, quality control, safety management, subcontractor qualification
- Monitoring and controlling the project
- Closing of the project related to the post construction activities

PROJECT DELIVERY METHODS

Ramodisa Projects(Pty) Ltd builds a diverse range of projects for both government and private clients under a variety of delivery methods including:

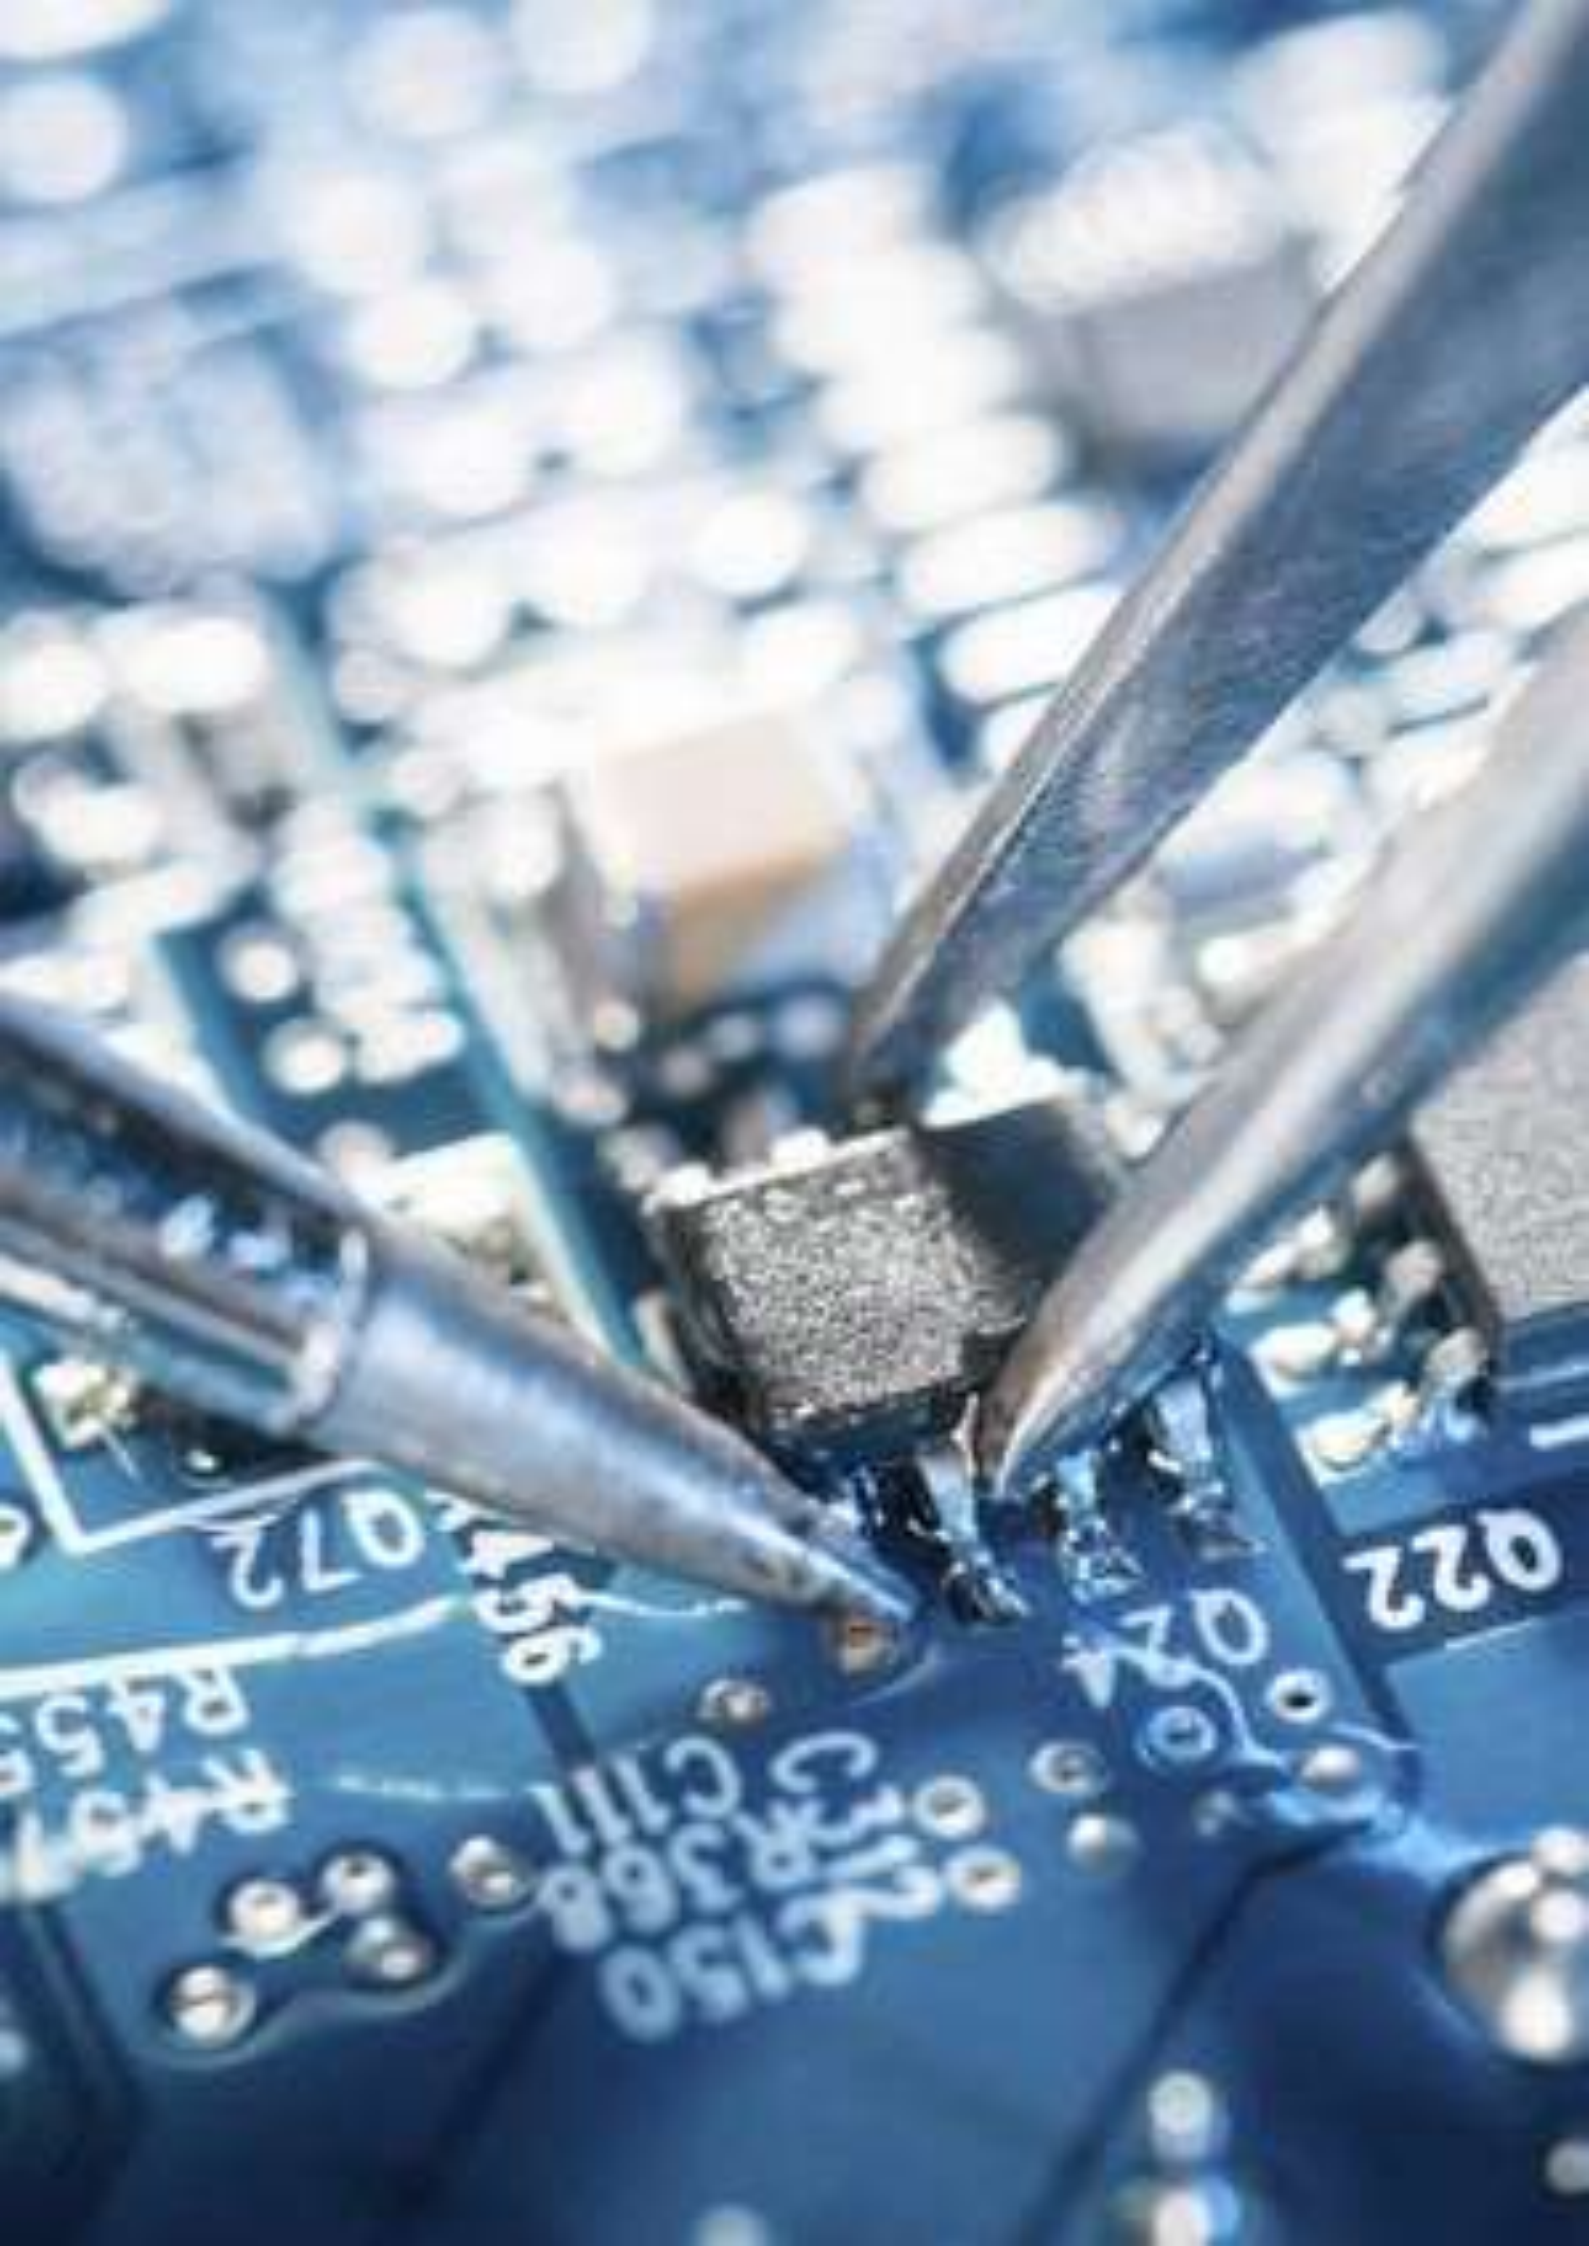

- Pre-construction services
- Design-Build development
- Construction management
- Post-construction services
