One thing at a time

Find the break

Eyes on all sides

and one mind on the break

Nothing above, nothing below

PRIVATE  
PROPERTY  
NO  
TRESPASSING

No need to grapple with fear because we don't anticipate. We find the break. You know nothing. The work crew heard the laughter. The foreman sent the work order. Now you find the break

PRIVATE  
PROPERTY  
NO  
TRESPASSING

Okay. The break. The goddamn break.

You got the break. Now the....infiltrator

They don't want it found, but you're going to fucking find

So then. The infiltrator. The trespasser.

Now. Waste disposal. Dispose the waste  
Clear parameter.

I thought I might find you there

There's a little nip in the air, don't you think?

Awww, baby fall down. No more horsie ride.

A AAAAAAAAAAGGGGGG! GGG!
