Bazaar Day

On

20th January, 2026

About Bazaar

In a quiet convergence of hope and harmony, they gather as dreamers ready to become creators. OLÉ Bazaar Day unfolds like a living dream a stage where unheard stories rise, not as whispers, but as bold expressions of ambition. Here, ideas take shape and passion finds purpose, as students step into the role of entrepreneurs, claiming stalls of their own and transforming vision into reality.

Each stall becomes a world built by hand and heart, amidst a kaleidoscope of colours, glowing lights, and the irresistible aroma of street food, shared aspirations dance freely through the air through different cultures of India. Together, we celebrate not just a bazaar, but the beauty of ownership, resilience, and dreams brought to life where imagination meets action, and hope finds a home.

Participation

Students may participate individually or in teams of up to four members, choosing the products they wish to sell, creating a distinct identity for their business, and setting prices independently.

Participants can set up stalls featuring food items, games, handcrafted goods, and more provided that their concepts are rooted in and celebrate the rich culture of India.

Students are also encouraged to design and present unique, innovative products inspired by Indian traditions and heritage.
