ACCESSORIES

SPC FLOORING – T- molding

Dimension	2400x45x8 mm (94 x1.7x 0.31 inch)
Pcs/box	20 pcs/box
Using	T-moldings are used to create a transition between two floors of equal thickness.

SPC FLOORING – REDUCER

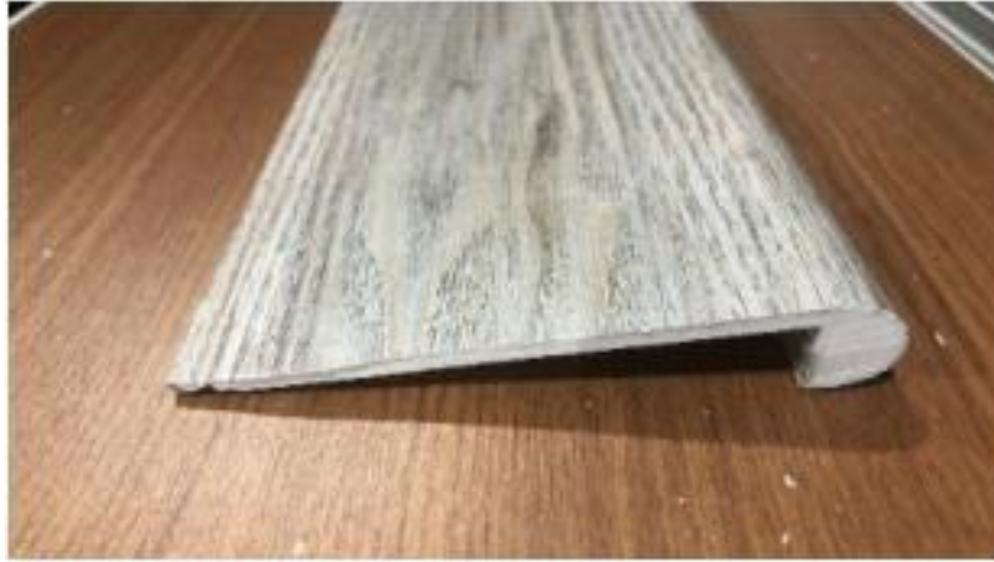

Dimension	2400x45x10 mm (94 x1.7x 0.39 Inch)
Pcs/Box	20 pcs/box
Using	A reducer transition piece allows for a seamless connection between different flooring heights, preventing the awkward or unsafe situation of stepping up or down abruptly.

SPC FLOORING – END CAP

Dimension	2400x35x10 mm (97x 1.38x 0.39 inch)
Pcs/box	20 pcs/box
Using	End cap transition molding can also be used to finish off exposed edges

SPC FLOORING – Flush Stairnose

Dimension	2400x110x25 (94x4.3x1 inch)
Pcs/box	12 pcs/box
Using	Flush stair nose flooring is a type of molding used in stairway installations. It is designed to provide a smooth and seamless transition between the stair tread and the stair riser, creating a flush and level surface for the stairway.

SPC FLOORING – Quarter round

Dimension	2400x25x15 mm (94x1x0.6 Inch)
Pcs/box	30pcs/box
Using	It is typically used as a decorative build-up element in mantels and other architectural features, and at the lower edge of baseboard to hide any gaps between it and a floor

SPC FLOORING – Stair Tread

Dimension	1050x310x43x8 mm (41x12x1.7x0.3 Inch)
Pcs/Box	6 pcs/box
Using	The stair tread is the part of the staircase that your foot contacts when ascending or descending

SPC FLOORING – Stair Return

Dimension	2400x45x25 mm (94x1.8x1 inch)
Pcs/Box	20 pcs/box
Using	The primary purpose of a tread return is to provide a smooth and rounded edge to the stair tread, enhancing both the appearance and safety of the staircase.

SPC FLOORING – Skirting Board

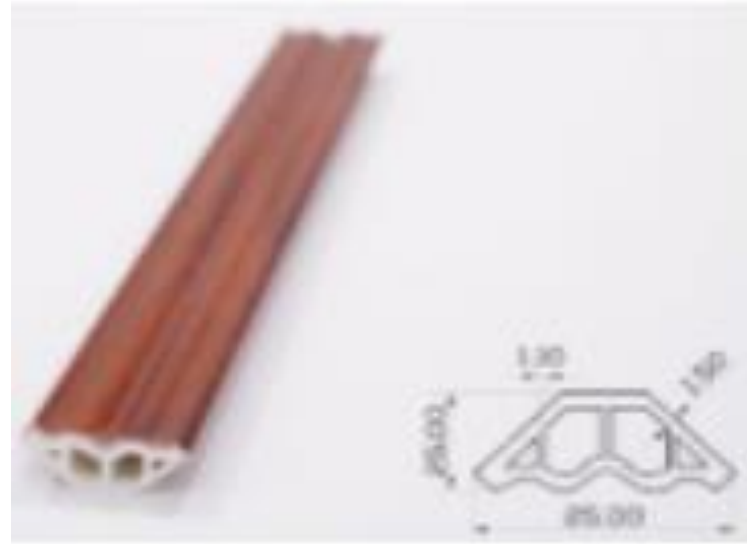

Dimension	3000x100x15 mm (118x4x0.6 Inch)
Pcs/box	20 pcs/box
Using	Skirting boards are necessary for homes and buildings both practically and aesthetically. They are the key player in forming junctions between materials in construction, often covering uneven surfaces or joints

PVC WALL PRODUCTS – Casing (Positive angle)

Dimension	30x30x3000 mm (1.2x1.2x118 inch)
-----------	----------------------------------

PVC WALL PRODUCTS – Casing (Negative angle)

Dimension	25x10x3000 mm (1x0.4x118 inch)
-----------	--------------------------------
