BUSINESS OUTLINE

MK STRATEGIES (PTY) LTD is new rapid growing company with a primarily focus on engineering consulting. The company primarily focuses on electrical engineering solutions with ambitions to grow and include operations consulting services, infrastructure and industrial manufacturing divisions.

We take pride in having a youthful black management and for being a hundred percent black managed and controlled company. The senior executive team acquired extensive and valuable experience as well as the skills to operate in the above industries, by working with/for leading companies in South Africa. We can assemble the best team for the job through tapping into our international pool of experts. By doing the exceptional job and upholding the highest standards in dealings, we believe it is the only way the company will grow.

EMPOWERMENT AND EQUITY

We do believe in equal opportunities, hence, we give opportunities to both male and female so as to not only build them, but share different skills and expertise to further grow the business. Currently we offer university and Technical Vocational Education and Training (TVET) students an opportunity to do their practical training in our business where we nurture young talent, and employ the raw post matriculant that are still looking for their passion or doing a year of their lives. empower the previously disadvantaged individuals by giving them an opportunity to acquire experience and develop their skills through our business so they can ultimately reach their fullest potential.

100%

Black Owned

VISION & MISSION

OUR VISION

Our vision is to build a reputable company known for its quality service.

OUR MISSION

- ✓ To provide an excellent service to our clients, by giving them their principal position in the business and by treating them with integrity and honesty they deserve.
- ✓ To deliver quality service on time and at the convenience of our clients
- ✓ To always use quality material/services to give our customers value for their money.
- ✓ To train young professionals who wish to operate in the same industry

MANAGEMENT SYSTEM

MK STRATEGIES is committed to providing a high quality and professional service to all our clients in South Africa and surrounding region. We achieve this through adherence to Quality Management System, using key personnel with effective skills and by allocating our resources efficiently. We frequently review our procedures and outcomes as we continually endeavor to strive for

QUALITY MANAGEMENT

Our goal is to work with our clients to realise their project requirements in terms of quality, budget and time restraints. We have a long term commitment to satisfy our clients' requirements in a dynamic and challenging industry.

Our objective is to deliver results that meet or exceed our customer requirements and expectations, primarily through our dedication to implementing and maintaining our Quality Management System based on the industry accepted standards.

The successful operation of our system relies upon the co-operation and involvement of personnel at all levels. Our dedication to quality will ensure the continued success of our Company and the satisfaction of clients and staff.

We have recognised the importance of equipping our employees with the appropriate training necessary to competently perform their work and to ensure each team member fully understands their responsibilities in meeting customer requirements.

ENVIRONMENTAL

MK STRATEGIES has a commitment to protecting the environment. We carefully plan each of our project's activities so as to minimise the impact on the environment and carefully convey the subsequent controls to our personnel, subcontractors and suppliers.

We pay special attention to client and authority requirements and ensure appropriate measures are implemented and monitored to safeguard against our construction activities. We takes pride in pursuing the highest standards in respect of meeting our environmental responsibilities.

OCCUPATIONAL HEALTH & SAFETY

We continually work on our strong systematic approach to safety and rehabilitation and apply this to all of our operations and works performed. Our total workforce, including subcontractors, is fully aware of their responsibilities under the Occupational Health and Safety Act and our expectations of them in performing their work.

Our Occupational Health, Safety and Rehabilitation Plan ensures that a safe working environment is provided for our workforce at all times.

Consultation with personnel, inductions, adequate training, inspections together with audits and careful monitoring are integral to ensuring our works are done in a safe and efficient manner.

INDUSTRIAL RELATIONS

MK STRATEGIES is committed to promoting effective workplace and industrial relations practices including compliance with all applicable employment, industrial relations legislation and related regulation.

To ensure this occurs, we facilitate effective communication for our workforce and the stakeholders in this process. We actively seek feedback to improve our workplace practices and value worker input.

Our Industrial Relations Plan has been prepared to ensure our obligations in respect to complying with both statutory and contractual requirements for workplace and industrial relations practices are fully understood and met.

The plan applies to our direct workforce and that of our subcontractors for which the measures, respective responsibilities and authorities are defined and conveyed.

We closely monitor our adherence to these measures and meeting our aims above. Ongoing participation and contribution by all personnel leads us to improvement and a stronger, more effective workplace and industrial relations practice
