Introduction

Enterprise Resource Group is a private enterprise run by passionate people who believe we can contribute positively to improving the working lives of people at the office. We create the Workplaces of the Future... ERG is an Interior design & build practice focusing on maximizing organizational objectives & profits by creating efficient workplaces.

Inspiration

Enterprise Resource Group (ERG) is driven by a vision to blend functionality, safety, and elegance in public spaces. The opportunity to provide furniture for Allama Iqbal International Airport inspires us to create durable, fire-resistant, and aesthetically appealing seating that enhances the comfort of every traveler. Our commitment to customization ensures that each single-seater and double-seater sofa aligns perfectly with the airport's design ethos while maintaining the highest standards of quality and safety. By combining innovative design with practical usability, ERG aims to contribute to a welcoming and sophisticated environment for millions of passengers passing through the airport each year.

Catalogue

Enterprise Resource Group is a manufacturer specializing in customized goods. All furniture produced complies with fire resistance regulations.

You can select any single-seater or double-seater sofa from our catalogue without affecting the cost. The catalogue provides details on available fabric materials and sofa designs for your selection.

Seat Dimensions	44 inches x 26 inches
Seat Height	30 inches
Backrest Angle	95°
Frame Material	Acacia
Finish	Premium Quality PU with Fire Retardant Protective Spray
Foam	5 inch Thick Master Molty Foam

Construction and Safety

- **Joinery:** High-quality wooden single seat sofas and Two seater sofas often utilize Mitered butt joint, Basic butt joint, Rabbet joint and Mortise-and-tenon joint for Dining table chairs which are traditional methods designed to reduce joint failure.
- **Stability:** Proper distribution of weight and shape ensures stability, which is essential for active safety.
- **Ergonomics:** Data sheets often highlight the study of seating inclinations and seat dimensions to guarantee posture comfort.

Design Considerations

- **Stackability:** Some designs are created to be stackable, featuring low weight for easy handling.

Foam

- Single Seat Sofa and Two seater sofa sets may include high-density 5 inch thickness master molty foam while Dining table chair set would be with 3 inch thickness of the same brand (MASTER MOLTY FOAM).
