Individual tooth coloring in the aesthetic area	5 EUR	This service is available when a tooth is missing in the aesthetic zone and the clinician intends to visually close the space. These pontics are usually indicated in blue in the treatment plan. Pricing is determined per tooth for each aligner

NOTES:

- All prices are without VAT.
- The above-mentioned service may not be available in all countries outside the EU, and pricing may vary due to additional shipping, customs duties, and other local taxes. For more information, please contact your sales representative.
- Active case period - Ordoline Basic: 1 year; Ordoline Standard: 3 years; Ordoline Advanced: 5 years.
- A case is activated on the day the first aligners are produced. The case is closed when retainer aligners are dispatched or when the case status changes to "Treatment Finished" in the Dr. Ordoline portal.
- The case will be closed after 6 months from the date the last pair of aligners should have been worn.
- Relapse treatment is valid for 5 years following the closing of the case or warranty expiration. Relapse treatment must align with the original treatment plan and objectives.
