GLOBAL TRADE**

# WHO WE ARE

**Lumanora Global is an Indonesia-based, export-oriented supplier focusing on unfried tapioca crackers for international markets. Working with selected local production partners, we provide products with consistent specifications and practical packaging suited for cross-border distribution.**

**Based in East Java, Indonesia, our role is to simplify sourcing by offering clear product information, flexible specifications, and reliable coordination for buyers seeking long-term cooperation.**

# TAPIOCA CRACKERS

HS CODE 190590

Tapioca Crackers are traditional Indonesian crackers made primarily from high-quality tapioca flour and seasoned with selected spices. Produced in East Java, Indonesia, this product is supplied in raw (unfried) form and prepared using standard export packaging, making it suitable for commercial distribution, food service, and international markets.

Featuring a distinctive spiral shape and consistent expansion after frying, Tapioca Crackers offer reliable quality, long shelf life, and flexible size grading to meet various international buyer requirements.
