# CAPABILITIES STATEMENT

BARR Cyber Solutions LLC delivers cybersecurity and IT automation through purpose-built scripts and GUIs, ACAS remediation, patching, and secure endpoint configuration — reducing workload and sharpening mission readiness.

## About Us:

BARR Cyber Solutions LLC (Pronounced “B-A-R-R Cyber Solutions”) provides cybersecurity and IT automation services focused on ACAS vulnerability remediation, secure endpoint management, and scripting for DoD and federal environments. Customizable automation and GUI-based tools reduce workload, accelerate timelines, and standardize configurations.

We support primes, large or small teams requiring reliable and secure endpoint management.

### CORE COMPETENCIES

- ACAS vulnerability: Patching and rapid remediation
- Automation: Scripting and GUI tool development and customization of administrative and managerial tasks.
- Secure endpoint configuration: Hardening aligned baselines & checklists for DOD, Military and Federal sites
- System Reporting: Inventory and compliance reporting (software, versions, patch status) for prime and local teams
- We support: Primes or remediation surge support for multiple federal project teams.

### CERTIFICATIONS

- DoD Clearance: Active Secret (personal)
- CompTIA Security+ ce
- ACAS Operator and Supervisor Course
- PMI Project Management Professional
- Annual Cyber Awareness Training
- DOD Security Certifications: Active

### COMPANY CODES

- **Legal Name:** BARR Cyber Solutions LLC
- **Business Type:** Small Business, CA LLC
- **Location:** Fairfield, CA
- **EIN:** 41-2668877
- **UEI:** K8F6VLALN6C6
- **CAGE:** 177H1
- **Primary NAICS:**
  - **541512** – Computer Systems Design Services
  - **541513** – Computer Facilities Management Services
  - **541519** – Other Computer Related Services

### PAST PERFORMANCE

- **USAF/DOD ACAS & Patch Remediation** Supported cyber defense and endpoint operations on NIPR via local USAF Base.
- **Automation for IT/DevOps and Admins** 20+ Years on-the-job experience admin for private and public sector (Start-up, medical, financial, MSP, and DoD/Mil contractors)
- **Automation & GUI Tooling** Automation and GUI tools for admins for patching, software patching, encryption hardening managerial data and remote troubleshooting across both private and public sectors.
