CAPABILITIES STATEMENT

Our Mission:

BARR Cyber Solutions LLC (Pronounced "B-A-R-R Cyber Solutions") provides cybersecurity and IT automation services focused on ACAS vulnerability remediation, secure endpoint management, and scripting for DoD and federal environments. Customizable automation and GUI-based tools reduce workload, accelerate timelines, and standardize configurations.

When contract performance depends on consistent cyber outcomes, we build secure automation that drives measurable progress and keeps operations stable.

CORE COMPETENCIES

- **Automation:** Scripting and AI Tool integration automate workflows, reduce risk, and regulate repeatable tasks.
- **Vulnerability Remediation:** Patching and updates with ACAS-driven support, scripted and structured workflows
- **Secure Endpoints:** System hardening aligned to DoD and DISA/STIG configuration and compliance baselines.
- **System Reporting:** Security compliance, STIG validation, automated reporting and auditing visibility.

CERTIFICATIONS

- DoD Security Clearance: Secret (Active)
- CompTIA Security+ ce
- ACAS Operator and Supervisor: AC25056
- PMI Project Management Professional
- USAF Cyber Awareness Training
- USAF OpSec Certifications

COMPANY CODES

- **Legal Name:** BARR Cyber Solutions LLC
- **Business Type:** Small Business, CA LLC
- **Location:** Fairfield, CA
- **EIN:** 41-2668877
- **UEI:** K8F6VLALN6C6
- **CAGE:** 177H1
- **NAICS Codes:**
 - **541512** – Computer Systems Design Services
 - **541511** – Custom Computer Programming Services
 - **541513** – Computer Facilities Management Services
 - **541519** – Other Computer Related Services
 - **541690** – Other Scientific & Technical Consulting
 - **518210** – Computing Infrastructure Providers, Data Processing, Web Hosting, and Related Services

PAST PERFORMANCE

- **ACAS Vulnerability - Patch Remediation** Supported USAF/DOD contract. Endpoint operations on NIPR via local USAF Base.
- **20+ Years IT Experience In Multiple Sectors** 20+ Years on-the-job experience admin for public and private sector (Start-up, medical, financial, MSP, and DoD/Mil contractors)
- **Automation via custom Scripting and GUI's** Scripting and custom-built GUI tools for admins for patching, software pathing, encryption hardening managerial data and remote troubleshooting across both private and public sectors.
