

CORPORATE PROFILE

Global Steroid & Hormone API Solutions

Steroid APIs – South American Market is a dedicated pharmaceutical sourcing and supply platform specializing in the global distribution, marketing, and sourcing of high-quality Steroid Active Pharmaceutical Ingredients (APIs) and Hormone APIs.

Supported by the international expertise, regulatory knowledge, and global sourcing capabilities of **Zoesoe Exports Private Limited**, we serve pharmaceutical manufacturers, importers, distributors, contract manufacturers, and healthcare companies throughout South America and other regulated and semi-regulated markets worldwide.

Total Portfolio: 65 Steroid & Hormone APIs

Who We Are

We bridge the gap between qualified API manufacturers and pharmaceutical companies seeking reliable sources of Steroid and Hormone APIs. Our expertise covers:

- Pharmaceutical API Sourcing & International Trade
- Regulatory Affairs & Technical Documentation (DMF/CEP)
- Quality & Compliance Support (GMP standards)
- Global Supply Chain & Export Management

Steroid & Hormone API Portfolio

We offer a comprehensive portfolio of 65 APIs for pharmaceutical formulation development and commercial manufacturing.

Corticosteroids & Anti-Inflammatory Steroids

Beclomethasone Dipropionate	Fluocinolone Acetonide
Betamethasone Acetate	Flumethasone
Betamethasone Dipropionate	Fluticasone Propionate
Betamethasone Sodium Phosphate	Fluticasone Furoate
Betamethasone Valerate	Halobetasol Propionate
Budesonide	Hydrocortisone Acetate
Ciclesonide	Hydrocortisone Hemisuccinate
Clobetasol Propionate	Methylprednisolone Acetate
Clobetasone Butyrate	Methylprednisolone Hemisuccinate
Deflazacort	Mometasone Furoate
Desoximetasone	Prednisolone Acetate
Dexamethasone Sodium Phosphate	Prednisolone Sodium Phosphate
Difluprednate	Triamcinolone Acetonide

Estrogens & Women's Health APIs

Estradiol Benzoate	Estradiol Valerate
Estradiol Cypionate	Esterified Estrogens
Estradiol Hemihydrate	Ethinyl Estradiol

Progesterones & Progestins

Progesterone	Drospirenone
Hydroxyprogesterone Caproate	Gestodene
Medroxyprogesterone Acetate	Levonorgestrel
Desogestrel	Norethisterone Acetate
Dienogest	Dydrogesterone

Androgens & Testosterone Derivatives

Testosterone Acetate	Testosterone Undecanoate
Testosterone Cypionate	Nandrolone Decanoate
Testosterone Enanthate	Nandrolone Phenylpropionate
Testosterone Propionate	Dehydroepiandrosterone (DHEA)

Supply Capabilities & Regulatory Support

- **Commercial Supply:** Reliable sourcing for large-scale manufacturing.
- **R&D Quantities:** Small-scale supply for formulation development.
- **Documentation:** Full support for COA, MSDS, DMF, and CEP requirements.

- **GMP Compliance:** Sourced from USFDA, EU-GMP, and WHO-GMP facilities.

Our Vision & Mission

Vision: To become a trusted international sourcing partner for Steroid and Hormone APIs by delivering quality, compliance, transparency, and reliable global supply solutions.

Mission: To support pharmaceutical companies worldwide with reliable access to high-quality ingredients backed by regulatory expertise and professional supply chain management.
