## Founder's Introduction – Eagle Interior

With strong hands-on experience in interior execution and civil works, **Sawai L. Jangid** founded Eagle Interior with a clear vision—to deliver reliable, high-quality interior fit-out, turnkey, and civil solutions.

His practical, site-oriented approach, combined with close project involvement and attention to detail, ensures that every project is executed with precision, accountability, and consistent quality. He believes that successful interiors are built not just through design, but through disciplined execution and strong on-site coordination

Under his leadership, Eagle Interior has successfully delivered corporate, commercial, and residential projects, with a strong focus on timely completion, quality workmanship, and transparent project management. Sawai L. Jangid is committed to building long-term client relationships based on trust, consistency, and performance-driven execution.
