Discover the Gem of the Sulu Sea

Floating peacefully in the Sulu Sea off the coast of Sabah, Lankayan Island Resort serves as a vital ecological gateway between a mindful guest stay and pristine marine wilderness. Here, the ocean is not merely a scenic backdrop; it is a living, breathing sanctuary that dictates the daily rhythm of the entire island. Mornings begin with the gentle lapping of crystal-clear waves over thriving coral reefs, while evenings fade into quiet starlight as nesting sea turtles claim the shore.

By operating strictly as a low-impact, eco-conscious nature resort, Lankayan ensures that travel directly funds the protection of Borneo's unique marine biodiversity. For travellers, it is far more than just a place to rest. It is an immersive invitation to step straight from your deck into a vibrant underwater world. Here, you have a front-row seat to vital reef preservation and sea turtle conservation just a few footsteps away.

Marine Conservation at our Core

Positioned directly within a fully protected sanctuary, Lankayan Island Resort connects you intimately with the frontline conservation networks of Reef Guardian. Through our low-impact operations and educational wildlife encounters, travellers transition from standard holidaymakers to informed stewards of the sea. This unique framework gives you firsthand, daily insight into the active protection of vulnerable nesting sea turtles, reef health monitoring, and the fragile ecology of the Sulu Sea.

The Resort

www.lankayanislandresort.com

Main building & Restaurant

Our main building is a welcoming space where ocean views stretch endlessly in every direction. The first floor houses the front office, restaurant, bar, and airy lounging areas, while the upper floor offers a cozy TV and library corner.

Reef Guardian Centre

Established in 2007, Reef Guardian leads Lankayan's marine conservation efforts through research, education, and collaboration with local authorities. Visitors are welcome to tour the centre, learn about reef and wildlife protection, and even take part in conservation by adopting a turtle nest.

Dive Centre

Our dive centre is fully equipped for every kind of ocean adventure, offering scuba and snorkelling gear as well as kayaks for exploring the island's calm waters. Experienced local dive professionals are here to guide your journeys, while fresh water showers and an organised equipment room await you after each dive.

Security

Your safety and peace of mind are our absolute priorities. Lankayan Island has remained entirely unaffected by regional maritime incidents, which occurred many years ago and have long since been resolved. To ensure this long-standing tranquility remains completely unbroken, the Eastern Sabah Security Command (ESSCOM) maintains a dedicated, proactive presence along the coastline.

Rather than a response to any active concern, these routine preventative measures, including regular maritime patrols, are maintained purely as a standard of continuous safety. This enduring commitment to security works seamlessly in the background, allowing our guests to fully immerse themselves in the natural beauty and peaceful rhythm of our marine sanctuary with total peace of mind.

Beach Chalets

Tucked among tropical greenery, the Beach Chalet offers a serene hideaway just steps from the shore. The natural design prioritizes comfort and tranquility without unnecessary extravagance. Inside, the space features an air conditioner, a fridge, and a bathroom equipped with both a shower and a standalone tub.

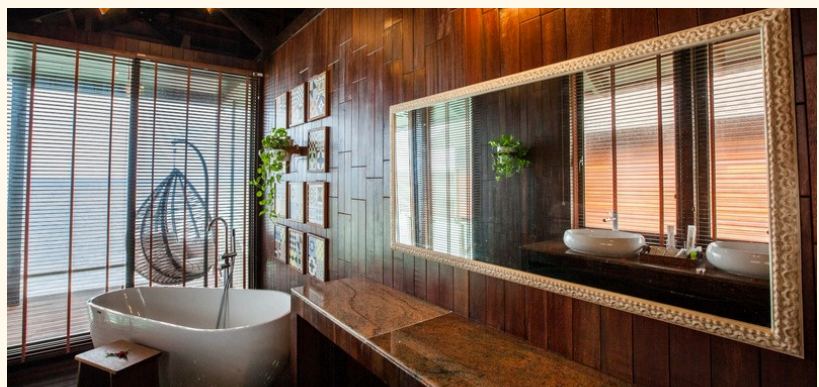

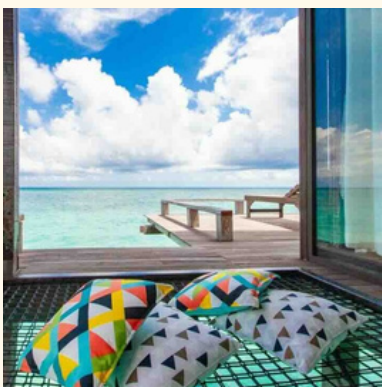

Outside, your private balcony deck captures the constant sound of the waves and looks out over the surrounding coastal ecosystem.

Water Chalets

Perched above crystal-clear shallows, the Water Chalet invites you to wake to the gentle lapping of the sea beneath your feet and endless views of the horizon. The wooden architecture prioritizes natural airflow and peaceful ocean immersion. Inside, the living space includes an air conditioner, a fridge, and a private bathroom with both a shower and a standalone tub. Outside, your private balcony deck provides a quiet space to observe the reef life directly below the structure.

Activities

Every experience on Lankayan offers a chance to engage directly with the natural environment. You can explore the island's marine and coastal ecosystems through daily adventures like snorkeling, scuba diving, and kayaking.

Alongside these activities, specialized programs with Reef Guardian rangers offer a deeper look into the island's conservation work. Through their guidance, you learn firsthand about the active efforts to protect marine life and preserve these delicate habitats.

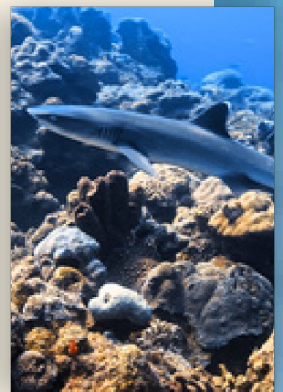

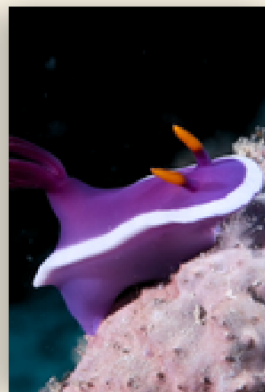

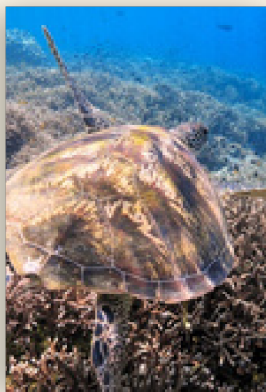

Each encounter on land or in the water provides a meaningful way to connect with nature. These moments ensure you gain a complete understanding of the wild ecosystems that make Lankayan unique.

Scuba Diving

Lankayan features over 30 dive sites within the protected Sugud Islands Marine Conservation Area, all located within a 15-minute boat ride. The reefs slope from shallow coral gardens down to 30 meters, complemented by fantastic wreck dives that have transformed into thriving, artificial ecosystems.

This remarkably rich macro environment hosts nudibranchs, frogfish, ornate ghost pipefish, and ribbon eels. Larger residents like leopard sharks, giant groupers, and schooling fish thrive alongside occasional whale sharks between March and May. Full PADI courses and safe Discover Scuba Diving programs are available on-site.

Snorkeling, Kayaking & Stand-up paddleboarding

Beyond scuba diving, Lankayan offers incredible water sports that allow you to explore the island's shallow fringes at your own pace. Kayaking and stand-up paddleboarding (SUP) provide a peaceful way to glide across the glass-like surface of the Sulu Sea and admire the island from the water.

For an even closer look, snorkeling gear is readily available for all guests. You can step straight into the water to discover thriving shallow reefs teeming with colorful fish, blue-spotted rays, and curious sea turtles. These activities offer a low-impact, accessible way to immerse yourself in the natural rhythm of the marine sanctuary.

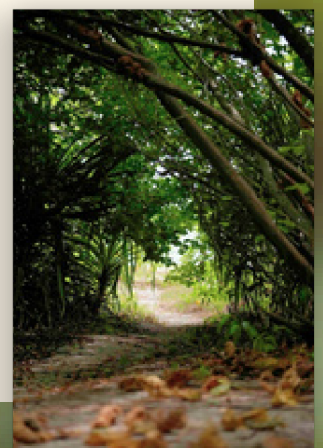

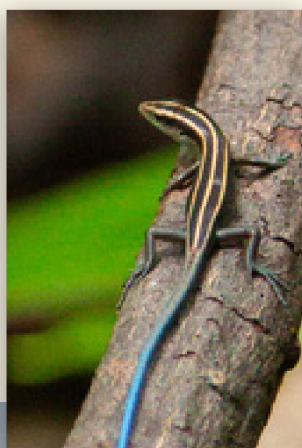

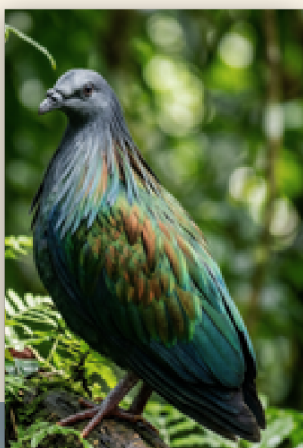

Mini Jungle Walk

For an adventure on land, the Mini Jungle Walk offers a quiet escape into the island's interior. A small path cuts directly beneath the dense tree canopy, allowing you to cross the entire island within 10 minutes.

However, the trail rewards those who move slowly. It serves as an excellent spot to linger and observe local butterflies and migratory birds resting in the shade. This brief walk provides a simple, low-impact way to appreciate the terrestrial biodiversity that complements Lankayan's marine wonders.

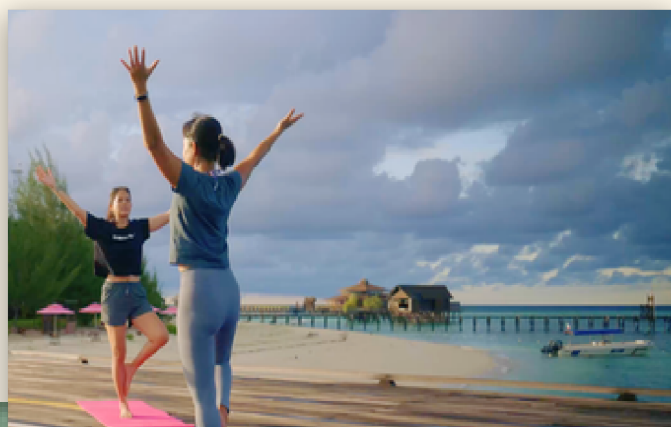

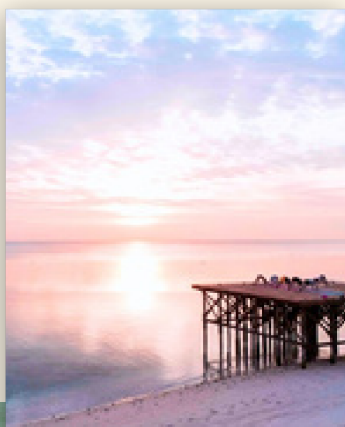

Wellness Retreats

Lankayan provides a serene backdrop for curated wellness retreats, offering open-air wooden decks and pristine beaches ideal for meditation, breathwork, and deep restoration.

To elevate your personal wellness journey, private, chargeable yoga classes can be pre-booked for guests enjoying an extended stay of 5 nights or more.

Note: Private yoga sessions must be arranged and quoted prior to arrival. Please contact our reservations team to customize your wellness itinerary.

Reef Guardian Centre

A visit to the Reef Guardian Centre offers a firsthand look at the island's frontline marine protection work. The specialized facility showcases the history of the Reef Guardian organization and its long-standing commitment to policing the Sugud Islands Marine Conservation Area.

Inside, you can browse a series of interesting exhibits that detail local marine ecology, turtle nesting data, and coral reef rehabilitation initiatives. This tour provides essential context for your stay. It reveals the precise data and daily enforcement required to keep this delicate sanctuary thriving.

Turtle Hatchling Release

The chance to witness a turtle hatchling release is an unforgettable highlight of any stay on Lankayan. To join in, you simply register your interest when you arrive. Because nature sets the schedule, the team alerts you the moment a nest begins to stir.

Your experience begins at the hatchery, where you can watch the rangers gently gather the tiny green or hawksbill newborns as they emerge. From there, you walk alongside the team down to the shoreline to see the hatchlings take their very first steps into the ocean.

Reef Guardian guides this entire moment with strict "wildlife first" care. This ensures you share in a deeply moving, respectful encounter that keeps the safety and well-being of these baby turtles the absolute priority.

Turtle Nesting

If you are lucky, you may get to experience the magic of a mother turtle nesting on Lankayan's shores. To ensure you do not miss this rare event, you can register your interest with the resort team upon arrival. When a green or hawksbill turtle crawls ashore to lay her eggs, the team quietly alerts you to the nesting site.

The encounter follows strict "wildlife first" protocols to keep the mother completely at ease. Under the gentle guidance of Reef Guardian rangers, you can watch the nesting process in a respectful, low-light setting. You will also see the team carefully relocate the eggs to the safety of the hatchery, away from natural predators. Sharing this quiet, late-night ritual provides a wholesome and profound glimpse into the ancient life cycles of the Sulu Sea.

What to Pack

Lankayan Island is a peaceful, remote marine sanctuary. To ensure you stay comfortable while respecting this delicate ecosystem, we have put together a few suggestions on essentials that will make your stay here more enjoyable and seamless.

Eco-Protection & Essentials

Reef-Safe Sunscreen: Standard sunscreens contain chemicals that bleach coral. Please bring mineral-based formulas (Zinc Oxide or Titanium Dioxide) to protect our marine life.

UPF Rash Guards / Swim Shirts: The absolute best way to shield your skin from the equatorial sun without washing chemical lotions into the reef.

Biodegradable Insect Repellent: DEET-free or natural formulas (like citronella or picaridin) to stay comfortable during evening turtle watches while respecting the island's wildlife.

Polarized Sunglasses & Wide-Brimmed Hat: Polarized lenses cut through the water's surface glare, so it's easy to spot baby sharks and eagle rays right from the jetty.

What to Pack

Electronics & Photography

Dry Bag: Essential for the 45-minute speedboat ride from Sandakan to protect your cameras, phones, and passports from ocean spray.

Headlamp with Red Light Mode: Lankayan is a critical nesting site for Green and Hawksbill turtles. White light disorients nesting mothers and hatchlings; a red-light setting is mandatory.

Underwater Camera or Waterproof Pouch: To capture the vibrant macro life, pristine coral gardens, and resident sea turtles.

Plug Adapter (Type G) & Power Bank: To keep your devices charged after a full day of coastal exploration.

What to Pack

Island Comfort & Footwear

Breathable, Quick-Dry Clothing: Loose cotton, linen, and light athletic wear are ideal for our warm, casual tropical climate year-round.

Light Long-Sleeve Shirt & Trousers: Ideal for evening dining and outdoor turtle watches to keep mosquitoes at bay.

Easy Slip-On Sandals: Perfect for navigating the wooden walkways and moving between your chalet and the beach.

Health & Practicalities

Personal Medication & Sea Sickness Pills: Lankayan is a remote island with no commercial pharmacy. Bring any personal prescriptions, motion sickness remedies for the boat ride, and basic ear drops (for swimmer's ear).

Small Amount of Cash (MYR): Useful for tipping local conservation staff or purchasing small essentials at the souvenir shop.

Getting Here

Reaching Lankayan is simpler than it seems. Fly into Sandakan Airport (IATA code SDK) in Sabah, East Malaysia, easily accessible by daily flights from Kuala Lumpur or Kota Kinabalu. From there, our team will welcome you and take care of every detail.

Please arrange your flight to arrive in Sandakan by 9:30 AM. The transfer from the airport to our private jetty takes approximately 30 minutes, and the boat to Lankayan Island departs once daily at 10:30 AM. The journey across the sea takes about two hours.

For your return, the boat leaves Lankayan Island for Sandakan at 7:00 AM (once daily). We recommend booking a flight that departs after 11:00 AM to ensure a smooth connection.

Arrive by Helicopter

Skip the two-hour speedboat commute and elevate your journey to Lankayan Island with a spectacular arrival. Bypassing the waves, a private voyage aboard the sleek Bell 206 L3 helicopter transforms your transit into a scenic, high-speed prelude to paradise.

Cruising effortlessly at speeds up to 140 knots, this refined and versatile aircraft hosts up to six passengers in complete comfort. Sweeping coastal views and pristine marine vistas unfold beneath you, ensuring your tropical adventure begins the exact moment you leave the ground.

Travel in style

After your hotel pickup, you will be transported to the helicopter departure point. Your chopper ride will include breathtaking views of rural Sabah and lush rainforests.

Don't forget to pack a cap and sunnies if you're riding shotgun in front with the Captain, as the panoramic view from there also means that it can get quite sunny there!

Maximum capacity: 6 guests

Helicopter Routes & Rates

Route 1

Kota Kinabalu to Lankayan Island
RM 52,300.00 / trip

Route 2

Lankayan Island to Kota Kinabalu
RM 52,300.00 / trip

Rate Policies

CHILD POLICY

Child Non-Diver:

- Applicable to children aged 2 to 11 years old.
- The child receives a 50% discount from the Adult Non-Diver Package Rate.
- The 8% SST is calculated on the discounted package rate.
- The full SIMCA Conservation Fee remains payable.

Junior Diver / Child Diver:

- There is no child discount for a Junior Diver.
- The full Adult Diver Package Rate, 8% SST and SIMCA Conservation Fee apply.

One Adult + One Child:

- When one adult and one child occupy one chalet, the booking is charged based on two adult package rates.
- The child discount does not apply.

Two Adults + One Child / Two Children:

- When two adults and one child / two children occupy one chalet, the adults are charged based on twin-sharing adult package rates.
- The child rate applies to the child.

TRIPLE / QUAD SHARING POLICY

- Triple Sharing: Three adults sharing one chalet.
- Quad Sharing: Four adults sharing one chalet.
- Triple and Quad Sharing use the same per-person rate.
- The 8% SST is calculated on the discounted package rate.
- The full SIMCA Conservation Fee remains payable.
- Maximum occupancy:
 - Beach Chalet: Maximum 4 adults
 - Water Chalet: Maximum 4 adults

Rate Policies

Lunch: 13:00 pm to 14:30 pm

Dinner: 19:00 pm to 20:30 pm

Note: No outside food and drinks allowed into the resort

Terms & Conditions

GENERAL TERMS & CONDITIONS

Please ensure to read and understand the Terms & Conditions below before proceeding with reservation and booking.

Reservation & Payment Policy

1. A non-refundable deposit of 30% of the total invoice amount is required to secure your reservation at the time of booking.
2. Full balance payment must be made strictly sixty (60) days prior to the departure date. For reservations made within 60 days of the departure date, 100% full payment is required immediately at the time of booking.
3. All payments must be settled within 14 days from the date of invoice issuance. Failure to receive the required payment by the stated deadline will result in automatic cancellation of the reservation, and any deposit paid will be forfeited entirely.

Cancellation & Refund Policy

4. All trip fees, goods sold, service fees, and deposits made are non-returnable and non-refundable.
5. Any cancellation within 30 days of the trip is non-refundable.
6. For any cancellation more than 30 days prior to the trip, the maximum refundable amount shall not exceed 50% of the invoice amount (provided that the advance booking fee paid is more than 50%).
7. Notwithstanding the above, it will always be subject to the company's final decision. Otherwise, the non-refundable principle always applies.
8. All payments for the trip must be made in full within 14 days prior to the invoice date. If full payment is not received by this deadline, the reservation will be considered canceled, and any deposit made will be non-refundable.
9. All deposits paid are strictly non-refundable under any circumstances.
10. For cancellations made more than 60 days prior to the departure date, the maximum refundable amount shall not exceed 50% of the total invoice amount.

11. For cancellations made between 31 and 60 days prior to the departure date, the maximum refundable amount shall not exceed 25% of the total invoice amount.
12. For cancellations made 30 days or less prior to the departure date, strictly NO refunds will be issued (a 100% cancellation fee applies).
13. Notwithstanding the above, the Company reserves the ultimate right to make the final decision regarding any refund requests. Otherwise, the strict non-refundable principle shall always prevail.

General Disclaimer & Force Majeure

14. Unforeseen Circumstances (Force Majeure): The Company and the Resort shall not be held liable for any delay, cancellation, additional expense, or inconvenience caused directly or indirectly by events outside of our control. This includes, but is not limited to, the late arrival of flights, civil disturbance, unusually severe weather, rough and dangerous sea conditions, acts of God, or government actions. In such events, the Resort reserves the right to cancel or delay boat departures for safety reasons without any obligation to provide a refund.
15. Unused Services & Health Conditions: After the commencement of the service, strictly no refund (in part or in full) will be made for any unused services or activities due to the traveler's voluntary modification, free choice, or ill health. For instance, if a guest fails to complete a dive or aborts a booked package due to personal health issues (e.g., the inability to equalize), they will still be fully charged for the package.
16. Travel Insurance: We strongly recommend that all guests purchase comprehensive travel insurance prior to the trip. This insurance should adequately cover accidents, medical expenses, personal property loss, and weather-related disruptions or activity cancellations. Guests are advised to claim any financial losses incurred from the aforementioned unforeseeable circumstances directly through their respective insurance providers.

Payments can be made via the following methods:

- International Bank Wire Transfer (TT Transfer)
- Credit Card Payment Link (Visa & Mastercard)
- Crypto currency BTC / USDC / USDT or Stablecoin
