Established in 2004 by the Federal Emergency Management Agency (FEMA), National Preparedness Month encourages everyone to prepare for all emergencies. Though many National Preparedness Month themes are geared toward individuals and families for dealing with disaster. The better prepared a family or community is, the better able they are to bounce back when the emergency is over.

Eric Johnson was elected as Mayor of Dallas in June 2019. He was born in Dallas, Texas in 1975 to working class parents and raised in West Dallas and Oak Cliff. He attended Dallas Independent School District schools through the first grade before earning a scholarship to Greenhill School through the Boys and Girls Clubs of Greater Dallas.

After graduating high school, Mayor Johnson earned his undergraduate degree with honors from Harvard University before earning a graduate degree from Princeton University and a law degree from the University of Pennsylvania Law School.

Mayor Johnson and his wife, Nikki, have two sons, William and George. He is a member of the Mountain View Church of Christ.

Mayor Johnson has been a practicing lawyer in Dallas for over fifteen years. He is a former member of the Texas House of Representatives, where he represented Dallas from 2010 to 2019. During his tenure in the Texas House of Representatives, Mayor Johnson served on twenty prominent legislative committees and as the Chairman of the Dallas Area Legislative Delegation.

CPP Overview Video

Community Partners: Helping Serve Texans

In an effort to make it easier and more efficient for Texans to apply for and manage their HHSC benefits, the Texas Health and Human Services Commission (HHSC) is partnering with community-based organizations to help people learn how they can get the most out of the HHSC's benefits application and management website, YourTexasBenefits.com.

To support this effort, HHSC is building a statewide network of community-based organizations that can help people apply for and manage their HHSC benefits, including food, cash and medical assistance, online at HHSC's YourTexasBenefits.com. This Community Partner Program (CPP) is a growing network of organizations trained and capable of teaching Texans how to put YourTexasBenefits.com to work for them.

The organizations that become Community Partners represent a wide range of social services, including public entities, non-profit organizations, and faith-based groups. An organization interested in becoming a Community Partner enrolls by submitting an Interest Form online, which includes questions on what Community Partner level the organization is best suited for. Once enrolled, HHSC then provides online training and certification to interested staff and volunteers of those Community Partners approved to provide one-on-one assistance with YourTexasBenefits.com. Community Partners also have access to reports from HHSC showing how many people the organization online at YourTexasBenefits.com.

Community Partner Program Support Team

Are you interested in joining the Community Partners and have a question? Or are you already a Community Partner and have a question? The Community Partner Program Support Team is here to help. If you have a request or question and contact information, please contact us. To find your regional support contact click here.

Join the Community Partner Program

If your organization would like to participate in the program, please click here to complete and submit the form.

LET'S PROMOTE SELF-SERVICE & SELF-SUFFICIENCY 1

TOGETHER 1 Become a Partner Now!

WHAT IS CPP?

The Mission of the Community Partner Program is to develop and maintain a statewide network of community organizations helping eligible Texans apply for and manage their benefits on line.

Texas Health and Human Services, through the Community Partner Program (CPP), works with Community Partners to promote self-service and self-sufficiency by helping individuals apply for and manage their benefits through YourTexasBenefits.com.

The Community Partner Program began as a pilot with 36 Community Partners in January 2012...

CPP FACTS

More than xx of Community Partners Have been Partners for at least two years Believe serving as a Community Partner benefits their organization and community

Proposal for

World Black Monitor Day

Blind Users Awareness through Empathy
by Ravi Papineni

The Proposal

- Set a participation day for **World Black Monitor Day** (December 3rd)?
- Encourage sighted participants to blindfold themselves, turn off or cover the monitors for a set period of time (10 or 15 minutes) and try to navigate websites or perform other tasks using only keyboard commands or a screen reader.
- Provide resources and guidance for participants, such as a list of keyboard shortcuts, tips for using a screen reader, or a list of accessible websites to try.
- Encourage participants to share their experiences on social media using a designated hashtag, to help raise awareness and foster a sense of community around the event.
- Reach out to technology companies or advocacy groups to support the event and help promote accessibility and inclusion for blind users.
- Emphasize the importance of accessibility and encourage participants to continue learning about accessibility and taking steps to make their own websites and digital content more accessible.

Thank you!

Ravi
