CHORUS

Get ready my soul, I'm diving in
Get ready my soul, I'm diving in
To the deepest kind of love
To the sweetest kind of life
Get ready, get ready my soul

VERSE 1 (H.N. 14)

Everything I've ever done, everything I've ever seen
Everything I've lost or won, everything I've ever dreamed
Has brought me here to the present moment
Here, to a new beginning
Here, and I'm seeing life so clearly now

CHORUS

TAG

Cause here I go, deeper than I've ever been before
Here I go, closer to my sacred source
Cause here I go, deeper than I've ever been before
Here I go, closer to my sacred source

CHORUS

OUTRO

Get ready, get ready my soul

VERSE 1 Gonna take in this life wide awake
Open my eyes and my heart to the world
In brilliant new ways
Watch all the colors combine and explode
Let them fill in the cracks and the unfinished parts of my soul
-Here I go

VERSE 2 I release all my secrets and all my pain
Hold to the Truth made of a bond stronger than my chains
Free my spirit, let go of my pride
And put words to the ways that I love you for your sake and mine.

CHORUS All this love I have found
Has lifted me up now I see from higher ground
No view as sweet or profound
As the me I see, in all this love I have found

VERSE 3 I stand on goodness, like a rock
Hold out my hand to my brothers and sisters and help them stand up
Thank you, struggle — you know, you made me strong
With every breath I am sure I am cleared, I know I belong

CHORUS x 2

These holy waters
— They bless us all

I know — I am a vessel of love
— I am a vessel of light
I open up my heart and soul —

For all your goodness, truth and

'Cause I am a vessel of your love,
yeah — I'm a vessel of your light

(Repeat CHORUS 1)

your love, yeah
— We are vessels of your light
