

WHAT IS COLLEGE CUBE

SPORTZCUBE.IO

CollegeCube is a university-first competition where strategy, skill, and community collide to define the ultimate institutional champion.

CollegeCube Overview, Date Allocation, Participation, and Limitations

Definition of CollegeCube

CollegeCube is a parallel, institution-based competition within Aces' Chase that brings universities and their extended communities into a shared pursuit of perfection. Each entry represents not only competitive performance, but collective participation by a university and its affiliates within the broader SportzCube ecosystem.

As the first competition of its kind, CollegeCube reimagines how universities engage with games, supporters, and one another by creating a persistent, parallel contest where participation itself shapes legacy.

Winner Determination

The **winner of CollegeCube** shall be defined as the **University with the highest Cube score**, as determined by CollegeCube's official scoring methodology at the conclusion of the applicable competition period. In the extraordinary event of a tie, winner will be chosen by random selection.

Date Allocation and Protection

Each Power 4 institution shall be allocated one Assigned Date for CollegeCube participation. The Assigned Date shall remain subject to a Protected Period until ten (10) calendar days prior to the scheduled date, during which only the assigned institution and its affiliates may submit a claim.

Open Claim and Multiple Participation

Upon expiration of the Protected Period, any Assigned Date that has not been validly claimed will enter the Open Claim Period. During this time, any institution, including non-Power 4

institutions, may claim the date on a first-come, first-served basis. Institutions may participate multiple times by claiming unassigned dates or dates released from protection.

What's at stake! - Institutional Donation

The winning University shall receive a **donation to its athletic department**, comprised of:

- Sponsorship dollars allocated to CollegeCube, and
- A portion of SportzCube proceeds derived from the sale of SportzCube products, including but not limited to branded merchandise and WIJA works.

All donations are made at the **institutional level** and are not contingent upon the performance, participation, or involvement of any individual student-athlete.

Relationship to Aces' Chase

Entry	All valid CollegeCube entries shall automatically constitute entries into Aces' Chase.
Eligibility	Participation in Aces' Chase alone shall not confer eligibility for CollegeCube.
Institutions	Open competition to any University regardless of size

Carve-Outs and Limitations

CollegeCube participation does not constitute institutional sponsorship, endorsement, or approval unless expressly stated in writing

Donations are not payments for athletic performance and do not create individual compensation, benefits, or incentives.

No student-athlete is required or expected to participate in order for a university to be eligible.

Date assignments, eligibility determinations, and scoring administration are subject to operational adjustment.

CollegeCube reserves the right to deny, revoke, or invalidate entries that fail to meet eligibility or compliance requirements.

Definitions

CollegeCube	A parallel competition within Aces' Chase restricted to eligible universities and their affiliates.
Aces Chase	The primary competition in which all valid entries compete against the benchmark participant, Jonnie Aces.
Cube Score	The official aggregate scoring metric used to rank participating universities within CollegeCube.
Institution / University	An accredited college or university recognized by CollegeCube for participation purposes.
Power 4 Institution	A university that is a member of a Power 4 athletic conference at the time of date assignment.
Affiliate	An individual or entity formally or informally associated with a university, including supporters, alumni, donors, or other approved representatives, as determined by CollegeCube.
Assigned Date	A CollegeCube participation date allocated to a Power 4 institution.
Protected Period	The period during which an Assigned Date is reserved exclusively for the assigned institution and its affiliates.
Open Claim Period	The period beginning ten (10) calendar days prior to an Assigned Date during which the date may be claimed by any institution.
Claim	The act of formally reserving a date and submitting a valid entry in accordance with CollegeCube rules.

Prior CollegeCube winners

2025	West Virginia University
2026	TBD

Simple 2 Step Process

Step 1: University athletic department or affiliate secures date

Step 2: SportzCube is played by the entity as avator Jonnie Aces creating an entry into Aces Chase/CollegeCube
