TAILORED TO YOUR NEEDS.

V5C Group

V5C Group, founded in 2015 in the vibrant city of Dubai, stands as a leading trader in the region. With a steadfast commitment to quality and well-executed strategies, V5C Group has earned a solid reputation in the UAE market, extending its reach across the Middle East and Europe. Our dedication to excellence has positioned us as a trusted and recognized name in the industry.

About Us

V5C Group is a global leader in manufacturing and supplying across diverse industries, including aluminum mobile scaffolds, aluminum and steel formwork, ladders, smart water metering systems, marine floating docks, and other sectors. Our reach extends to 52 countries across Europe and the Middle East, showcasing our commitment to innovation and quality.

Our Mission

We are dedicated to promoting sustainable and environmentally friendly products while bridging the gap between sellers and businesses. By fostering connections and encouraging sustainable trade practices, we aim to create long-lasting partnerships that benefit industries and communities worldwide.

Manufacturing excellence

Our state-of-the-art manufacturing facilities, spanning over 70,000 square meters, are equipped with advanced machinery sourced from renowned European companies, ensuring precision and excellence in every product we produce.

At V5C Group, our subsidiaries' specialists bring years of expertise in producing high-quality products tailored to meet the needs of diverse industries and projects. We provide equipment that adheres to the most stringent standards, catering to both large enterprises and individual clients.

In addition, we offer professional technical guidance and training to ensure the optimal and effective use of our products, delivering the most advantageous solutions for our customers.

Product Design and Innovation

Our team of skilled design engineers leverages extensive industry expertise and advanced specialized software to create products that deliver optimal performance while adhering to international standards. With a perfect balance of seasoned engineers leading our manufacturing and support functions, we ensure excellence in every aspect of our product development.

Products we design and manufacture:

- Steel Formwork System
- Aluminium Formwork System
- Aluminium Scaffolding
- Aluminium Ladders
- Fiberglass Ladders
- Floating Dock & Marina Equipment

Quality Assurance and Control:

We prioritize consistent and uncompromising quality to guarantee complete client satisfaction. Our dedicated Quality Control Department is equipped with the latest and most advanced instruments, allowing us to monitor every stage of the process—from the receipt of raw materials to the final dispatch. This ensures that quality is upheld throughout the execution of every project.

Certifications:

- PN-EN ISO 12100:2012 – Machinery Safety – General Principles of Design – Risk Assessment and Risk Reduction
- PN-EN ISO 7010 – Graphic Symbols – Safety Colors and Safety Signs – Registered Safety Marks
- PN-EN ISO 6892-1:2024 - Metals - Tensile Test
- ISO 9001:2015 – Quality Management Systems
- ISO 14001:2015 – Environmental Management Systems
- TUV SUD – Safety, Security and Sustainability Solutions
- ISO 45001:2018 – Occupational Health and Safety Management System
- OSHAD-SF – Abu Dhabi Occupational Safety and Health System Framework

Projects Executed in:

- United Kingdom
- UAE
- Saudi Arabia
- Oman
- Jordan
- Kuwait
- Qatar
- Afghanistan
- Iraq
- Bahrain
- State of Israel

Our Expertise

For over a decade, our manufacturing units have consistently delivered high-quality products and services. Our focus on excellence, innovation, and competitive solutions has made us a trusted name in international markets.

Products We Trade:

- Aluminum Ingots
- Aluminum Scraps
- Oxidized Bitumen
- Heavy Load Trolleys
- Smart Water Meter Solutions
- Plant Based Luxury Candles
- Real Estate Investments
- Food Innovation & Franchising
- Smart Water Meter measuring systems for residential, Agriculture, and Industrial

Why Choose V5C Group?

- Extensive experience in global trade and manufacturing.
- A broad portfolio of products tailored to diverse industries.
- A strong commitment to sustainability and quality.

Join us in shaping the future of global industries with innovative and eco-conscious solutions.
