

IRON WARDEN LLC

Disclaimer

Effective Date: February 13, 2026

This Disclaimer applies to all aspects of Iron Warden LLC (“Iron Warden,” “we,” “our,” or “us”), including our website (<https://ironwarden.org/>), content, materials, communications, recommendations, reports, and cybersecurity consulting services (collectively, “Services”). By accessing our website or engaging our Services, you acknowledge and agree to this Disclaimer.

1. Advisory and Informational Nature

Our Services are strictly advisory and informational. We provide guidance, assessments, policy reviews, and recommendations based on established industry frameworks (e.g., NIST Cybersecurity Framework, ISO 27001/27002, SOC 2 Trust Services Criteria, HIPAA Security Rule, PCI DSS) and best practices derived from our expertise. However, we are not:

- Certified auditors, legal advisors, or compliance officers.
- Insurers or guarantors against cyber risks.

Examples of limitations:

- Policy reviews may identify gaps but do not ensure legal compliance.
- Risk assessments score potential threats but cannot predict or prevent actual incidents.
- Pre-audit reports highlight issues but do not substitute for official audits.

You are solely responsible for:

- Evaluating the applicability of our advice to your unique circumstances (e.g., industry, size, location).
- Implementing recommendations at your own cost and risk.
- Verifying compliance with laws, regulations, or standards.
- Ongoing monitoring and updates post-Service.

We do not provide hands-on implementation, technical configurations, software/tools, or guarantees of outcomes.

2. No Professional, Legal, or Regulatory Advice

Content on our website and in Services is for general educational and informational purposes only. It does not constitute:

- Legal advice (e.g., on contracts, data privacy laws like CCPA or GDPR).

- Financial advice (e.g., on risk costs).
- Medical or health advice (e.g., for HIPAA).
- Engineering or technical consulting.

Consult qualified professionals (e.g., attorneys, certified auditors, IT specialists) for specific needs. Reliance on our content without such consultation is at your own risk.

3. No Warranties or Guarantees

We disclaim all warranties, express, implied, or statutory, including but not limited to:

- Accuracy, completeness, timeliness, or reliability of information.
- Fitness for a particular purpose or merchantability.
- Non-infringement of third-party rights.
- Results from Services (e.g., no warranty that recommendations will prevent breaches, achieve compliance, or reduce risks to zero).

Information may contain errors, omissions, or become outdated. We do not warrant Site availability or error-free performance.

4. Limitation of Liability

To the fullest extent permitted by law, Iron Warden shall not be liable for any damages, losses, or expenses arising from:

- Use, inability to use, or reliance on our website, content, or Services.
- Implementation or non-implementation of recommendations.
- Cyber incidents, data breaches, regulatory fines, business interruptions, or third-party claims.
- Errors in assessments due to incomplete/inaccurate information provided by you.
- Indirect, incidental, special, consequential, punitive, or exemplary damages (e.g., lost profits, reputational harm).

Our liability is limited as detailed in our Terms of Service. Examples of non-liability include losses from vendor risks we assessed or policies we reviewed.

5. Third-Party References and Risks

References to third-party products, services, standards, or entities (e.g., NIST, vendors in assessments) are informational and do not imply endorsement, affiliation, or verification. We are not responsible for third-party actions or content.

Services rely on information you provide; inaccuracies may affect quality.

6. Indemnification

You agree to indemnify us against claims arising from your misuse of our content or Services.

7. Updates and Applicability

This Disclaimer may be updated; check for changes. It supplements our Terms of Service and Privacy Policy.
