RE: **FISA Court processes all Targets and approves implantation, stalking and torture
In DOJ, FBI and InfraGard's Unique System of Organized Gangstalking**

Dear ALL:

There is a new kind of stalking called groupstalking (“gangstalking”) where stalkers are trained by the DOJ, FBI and InfraGard partners in the Community Oriented Policing (“COPS”)¹ program to use their phones to connect Targeted people (whom they have previously covertly implanted with the Wireless Body Area Network, Brain-Computer Interfaces or other torture devices) to the internet so they can be struck with microwave energy wherever they are. This is happening in every state and in the 80,000 businesses in InfraGard across this nation. They are destroying people lives the way Hitler destroyed the Jews with similar programs.

In public, usually only the stalker and the Target are aware that the activity is stalking, otherwise, it might look completely normal, whereas for the Target, their implants are stimulated and they are vibrated, burned, shocked, or they get a horrible pain where their implants are to tell them they are not welcome in society, they can't go to theater, they can't buy groceries and they can't eat out for dinner or whatever they are doing to try to enjoy themselves. This is happening in the businesses and stores of companies who are participating in the InfraGard program. The FISA Court defines the Target.

Targeted Humans, Inc. is a Florida non-profit organized to support the victims of a government program operating through the DOJ, the FBI and InfraGard using the Citizens Oriented Policing (“COPS”) to implant and stalk Americans who have been processed through the illegal FISA Court and adjudicated as “homeland terrorists,” when the court was initially as the name clearly states was for processing, “foreign” persons.² The court was established to oversee government surveillance requests,

¹ <https://targetedhumans.org/copscap>, [Community Oriented Policing](#) (COPS), a U.S. Department of Justice agency created in 1994, has been provided over \$20 billion in grants to hire criminals to run the gangstalking program and hire stalkers to carry out stalking activities, torture and kill Targets.

² The FISA Court was created to review and approve government applications for surveillance warrants—electronic surveillance, physical searches, and business records of **foreign powers and their agents** in national security investigations. Operating in secrecy under the FISA Act, the court in no way meets legal standards for surveilling Americans. They don't “accidentally” sweep up Americans in looking for foreigners, they are deliberately using the system to punish innocent Americans for being good people.

ensuring they target foreign threats rather than engaging in unwarranted domestic spying. 11 federal district court judges appointed by the Chief Justice of the U.S. Supreme Court sit on a rotating basis in Washington, D.C. The government (the FBI in the case of InfraGard) files applications to conduct surveillance in secret, **justifying that the target is an agent of a foreign power**. THEY ARE NOT FOREIGN. I AM NOT A FOREIGNER. I was born in America. I am a Target. 100 % of Targets are approved by FISA.

The Americans being processed in this court are not accused of anything, are not notified that they are being presented to a court for life changing adjudication, are not given a chance to defend themselves and are declared terrorists by a judge who hears no testimony or defense. The FISA Court puts these Americans in a program which needs no search warrant to physically or electronically surveil them or enter their homes or vehicles, implant them with BCI's and the WBAN to be operated by smart phones, torture and kill them.

The protections intended to prevent the government from subjecting American citizens to warrantless surveillance, stalking, harassment or implantation are primarily found in the Constitution (4th and 5th), and reinforced by federal legislation such as the FISA Act itself. The Fourth Amendment states that the right of the people to be secure in their persons, houses, papers, and effects against unreasonable searches and seizures shall not be violated, and **no warrants shall issue but upon probable cause**. The Fifth Amendment states that no person shall be "deprived of life, liberty, or property, without **due process of law**." Citizens cannot be adjudicated "terrorists" or targeted by a program without being notified and allowed to defend themselves, yet this is being done to every Targeted person, as every one of them is passed through the FISA court. Secret, one-sided proceedings violate the constitutional requirement of Article III.

The FISA Act of 1978 was intended to *prevent* surveillance without a warrant by requiring federal agents to submit applications to an FISC judge **to prove that the target is a "foreign power" or "agent of a foreign power," and that the target is not a U.S. person**. Instead, the FISA judges are putting Americans in a heinous program which reduces them to animals on the street like Hitler did to the Jews. They are implanted with brain-computer interfaces, implanted with V2K devices and radios and the wireless body area network ("WBAN"). Their houses are overrun by stalkers who steal keys, ID's and electronics. Stalkers trained and paid by the US government, spray homes with poisons, destroy food, kill pets, sexually violate men and women, electronically remotely stimulate implants to burn, shock, vibrate, torture and kill Targets. Jobs are sabotaged, homes are lost and Targets flee for their lives. This is a real black ops SECRET program operated under the DOJ, the FBI, Homeland Security, the fusion centers and InfraGard/COPS. They are doing this to AMERICANS!!!!

Reports from groups like the ACLU and rulings from the FISC have noted that the FBI has misused FISA Section 702 (intended for foreigners) to query data on thousands of Americans, including protesters, whistleblowers and people who visited FBI offices, without proper legal justification. The **4th Amendment** is supposed to protect Targets against such activity. There is no resemblance between what the DOJ and the FBI are doing in practice and what individual constitutional rights really are. Targets are labeled "terrorists" and put on a kill list. They remove every right a Target thought they had and put them on a path of torture until death. Deaths are labeled suicides (hanging in your own closet is not suicide).

Targeted Individuals are processed through the FISA Court and put into an ULTRA secret program where they are disenfranchised like the Jews were by Hitler. They are used for clinical trials and medical experimentation for testing new technologies or implanted to cause pain for torture. This has been brought to the attention of the Senate before but you ignore our pain.

You don't want to call a person a gangstalker without just cause so you observe and calculate. There is plausible deniability built in to all black ops techniques, so one could argue a stalker was doing something for the business, but, if an employee or a stalker is using their phone the way stalkers use their phones and a Target's implants come on, you can say the person is a stalker. The program may be called ULTRA but we don't know that absolutely. Not all stalkers use phones, sometimes their posture, or their costume and placing themselves in a prominent position in the Target's field of view is enough to say "we know where you are and we are watching you." TI's are attacked at every outing even to the 7-11.

You may have never heard of gangstalking before or you may not know it is part of the InfraGard partners protocol. **People are trained to stalk and are paid for their services.** This kind of phone stalking is accomplished by a centralized "Handler" with FBI, InfraGard or COPS calling the restaurant manager or the employee trained in the program to let them know that there are Targets in the store. The Handler knows where the Target is at all times. They send the Stalker a picture, codes or numbers to put in his phone that connect Targets who are covertly implanted with a wireless body area network ("WBAN") which has a MAC address just like a phone or a computer.³ The phone connects the implants and tracking devices to the internet so they can be used remotely for tracking, surveillance, microwave strikes, stimulating implants to cause pain, torture and death.⁴

If you have been visited by InfraGard and listened to their spiel about there being homeland terrorists amongst us and they need to be tracked and the FBI needs you, you have been misled. The DOJ uses the FBI and InfraGard to run this program and coordinate with Homeland Security and law enforcement. People are impressed by a visit from the FBI and their manipulative speeches are designed to persuade, seduce, entice, or influence someone. Often subtly or deceptively, they convince businesses the FBI needs their help. It is very convincing and people want to do good things for their country, right? However, they take advantage of the goodness of people. They lure people in with lies. They lie about people being terrorists. The people they are lying about are whistleblowers or people who have witnessed government crime. I myself witnessed police operating a drug operation, making and selling drugs. They used ambulances, fire trucks and police cars picking up and selling drugs and directing drug traffic. They had a tow truck and car haulers pick up cars all night long, every night with a police escort. Then I was put in the ULTRA program and had my life dismantled, lost my job, my home and they went after my family and did the same thing to them. I traveled and saw the same operations and vehicle theft operations

all over the country. Then I was implanted, controlled, harassed, stalked and tortured. Having 80,000 businesses in the US under the control of a corrupt FBI is just readying the country to be taken over by socialists in a global Nazi government. InfraGard is a corrupt, murderous socialist program.⁵

This ULTRA mind-control stalking program was authorized by President George W. Bush in Homeland Security Presidential Directive/Hspd-6, Subject: Integration and Use of Screening Information. Congress also approved the Patriot Act which took away American's rights after 9-11 which has been proven to be a planned government event using Directed Energy Weapons. 9-11 was the catalyst to start a war against the citizens of America.⁶

The people being attacked in this manner are artists, teachers, doctors, lawyers, veterans, truck drivers, paralegals, business owners, it can be just anyone. They are whistleblowers, not terrorists, they are educated, not mentally ill. They have opinions and that's supposed to be protected by the Constitution. The Constitution was compromised after 9-11, the advent of the New World Order, under the UN and the World Economic Forum ("WEF" under German Professor Klaus Schwab, the founder and Executive Chairman). The people who are being burned and killed with directed energy weapons are independent thinkers that lived in America when it was free. Many women being electronically raped have rejected sexual advances by sheriffs, politicians and other authorities. See the TI stories on our website.⁷ The FBI presents the Target to the secret FISA court for secret adjudication and the woman is raped by multiple agents and put in a trafficking cult.

America has been taken over slowly, like a frog in pot, by the ideals of the Neocons, the WEF and the UN (the creators of Agenda 21, 30 and 50). They have invented a Nazi-like covert top-secret, black ops program they present as being patriotic when it is really a program of implanting and surveilling people. This is a national human trafficking torture, asset stripping program. It is designed to disenfranchise people like Hitler did the Jews. Targets lose the freedom to move about to theaters, restaurants, hotels, concerts, art shows, anything fun.

When TI's are in restaurants, they are poisoned by servers, when they are out for a walk, they are struck with microwaves, while they are shopping they are made to empty their bowels. When they are in grocery stores, their implants are struck to make them fall down or create pain in their arms, shoulders, head and feet - anywhere they have implants. That is what all the talk about infrastructure is about. The

⁵ InfraGard is a public-private partnership program initiated by the FBI designed to share information regarding threats to U.S. critical infrastructure or so they say. The "infrastructure" includes the electronic devices that track and strike Targeted persons with microwave. They are shocked, burned and tortured with microwave energy wherever they are even in their own homes. The program connects private sector businesses—which own or operate roughly 85% of the nation's critical infrastructure, with the FBI to share intelligence on cybercrime and "terrorism." InfraGard includes banks so they can take TI's money, utilities so they can strike TI's using the weaponized communication system, water so they can poison TI's when they drink or take a shower, healthcare facilities so they can deny TI's healthcare, and communications so all of a TI's phones, TV's and computers can be compromised. Some businesses are leaving the program because they realize InfraGard violates a person's civil rights. The American Civil Liberties Union (ACLU) has historically expressed concerns that the program could act as "eyes and ears" for the FBI, turning corporations into tools for government surveillance. <https://infragard.fbi.gov/>

⁷ <https://targetedhumans.org/ti-stories>

electronics, transmitters, beam formers and microwave energy devices are in the ceilings, walls and doorways of grocery stores like Publix, Winn-Dixie, Dollar Store, hospitals, jails, post offices, schools and other public buildings. InfraGard sends out stalkers (also corrupt police) recruited through COPS who follow TI's and connect their illegal implants to the internet with their phones and they are struck with directed energy.

This is exactly what the Nazi's did to the Jews, except they didn't have smartphones or the WBAN or directed energy weapons. Removing people from society because they are Jews or JW's, this or that, or something else is pure Nazism. Nazi propaganda told lies about the Jews to turn society against them, disenfranchise them and dehumanize them so they could be sent to mental institutions to be killed or to the camps to be worked to death. The US government is using the psychiatric arrest on every Targeted person who has been through the FISA Court.⁸

The government is using InfraGard to perform stalking, microwaving, harassment and torturing right now. Lies are being told about TI's. For example: A sheriff's sexual advances are rejected and he turns the woman in to the FBI with paperwork saying she's a terrorist. Her file is processed through the illegal FISA Court where she is declared a Terrorist and put in the ULTRA program to be sex trafficked against her will. Lies originating with the government to cover up this hideous program are being repeated by AI platforms and Wikipedia to keep the activities secret and continuing the operations.

If these Targeted people had committed crimes, they could be adjudicated, but its just more practical to use them for medical experiments like the Nazi's.⁹ This program is until death. Targeted persons are on the Targeted kill lists in the Unauthorized Special Access Programs and there is no way out. Some are elderly people that don't do anything for society any more because they are not able. They become TI's for no other reason than the state wants their property and their considerable amounts of money they have saved all their lives.

There are several support groups for TI's. One is Targeted Justice who has an attorney and has filed several lawsuits,¹⁰ but the government propaganda is at work too strongly against the Targeted community at this time to make any legal progress. Wiki and AI platforms discount our testimony by calling us delusional or mentally ill. There is no more mental illness amongst the Targets chosen by the FISA court than the everyday population. Even the CCR and the ACLU Join in Lawsuit to Challenge Targeted Killings.¹¹

If Targets complain to police they are arrested for a 72 hour mental health exam. THIS IS NOT AMERICA. Help us open the FISA court up for all Americans like the Constitution demands. No secret one judge trials. No placing people on kill lists. No adjudication without notice and representation. Why do Targets have no rights in this country? We can't get a doctor, we can't get a lawyer, we can't have a home or a job. WHY?

InfraGard does not tell businesses what they are really doing. At <https://targetedhumans.org/>, our website has a heading called "President Kills At Will" under the Globalists tab. It shows you that the government has slowly and quietly changed to Nazi-Socialist-Marxist-Globalist Dictators and is being run by criminals. It has exemplified this by sticking its foot in the door of 80,000 businesses, medical related

facilities and churches, so that when the time is right, a new socialist government will turn all private property to government property under the UN and the WEF. That's the Agenda 21, 30, 50 plan. The businesses will have no way out. At that point the frog in the pot will be boiling. "You will own nothing and you will be happy." "You will own nothing and be happy" is a phrase from a 2016 [World Economic Forum](#) (WEF) prediction by Danish politician Ida Auken regarding a "sharing economy" future by 2030, where goods are services, not possessions. It has become a slogan for trends in reduced personal ownership, often criticized as a, "new financial world order" where elites own everything.

With InfraGard, the government has already got quite a number of businesses and individuals to accept torturing people with infrastructure electronics and using their employees as gangstalkers. It is very surprising how many people are willing to be Nazi's and torture other people, stalk them, take over their homes and rape you. People will do anything for money. You see why this activity is called "GANGstalking," because so many are involved in each event. Its not the "normal" stalking of one person following and harassing another person. It is a highly criminal organization under the guise of lawful proceedings taking away all civil rights, all unalienable rights of people placed in the ULTRA secret government torture/kill plan.

This is a plea to shut down the secret proceedings of the FISA Court and InfraGard because they are lying to legislators about what the program is and what it does. It makes businesses collaborator in the torture of men, women, children and even babies just like Germans who collaborated with Hitler. It is very effective to put whistleblowers in mental hospitals and drug and kill them. All over the world, it is known that governments label real suffering under torture to call a person crazy. It happened to Dr. Gerhard Munzert who exposed the use of microwave weapons on citizens.¹² He was put in a mental institution to shut him up. However, businesses who are using directed energy on their customers so they can't buy food or go out to eat or who use gangstalkers that use phones to connect implants to the internet cloud so their victims can be struck with microwave while eating, may not know the extent of what they are doing. They have been lied to by the master deceivers, the FBI.

Businesses may have been fed (propaganda) about the Targeted Individuals such as: "they don't deserve to live," "they are pedophiles," "they kill and eat babies" –all lies but you believe it because the government says it is true, just like Hitler did. It seems okay to microwave people, torture them, implant them, violate their privacy by surveilling them 24 hours a day with electronics embedded in their cars, homes and bodies. It seems okay to use them for clinical trials, medical implantation or just KILL THEM. Many innocent TI's have already been killed.¹³ We have some on our obituary page on our website, but that is only a small fraction of the people being suicided, having "accidents" or dying of heart attacks at too young an age, murdered in their beds, or hung in their own closets.

Targeted woman's forearm was operated on while she was put to sleep wound left open.

Please consider this matter seriously. Targets also receive secret surgeries while they are asleep in their own beds and the wounds are left open. The lady's arm you see in the picture at left was jaggedly cut open while they put her to sleep. She lives in Kentucky. She has scars

¹³ Rauni-Leena Luukanen-Kilde (1939–2015) was a Finnish physician and former provincial medical officer who wrote about gangstalking and directed energy weapons in [Kultaista sielunenergiaa: Valoa ja varjoja](#) (2014), which translates directly to "Golden Soul Energy: Light and Shadows." She died on February 8, 2015, in Vaasa, Finland. She was killed by being radiated with DEW for four days. She did not die after a long illness. She had contacted a friend to let them know what was happening to her. <https://lysetfranord.com/2015/02/10/in-memory-of-rauni-leena-luukanen-kilde-english-version/>

on her legs where they have cut her open and she doesn't remember when or what for. They gave her a parasitic infection, they continually kill her pets and animals she cares for like her own children. They are mining her property without authorization. Another Target was put to sleep and was cut open from the vagina to her belly button and the wound was left open for her to discover when she woke up. They sprayed chemicals on her while she slept in her apartment and stole all her jewelry and clothing. She is a blind woman. They put her in an institution with no rights at all. Names can be provided on condition they remain confidential.

The government has technology so a person can be watched every second remotely. PLEASE STOP THIS program because implanting, surveilling every activity (they even watch you have sex, bathe and eliminate), gangstalking, phone stalking, poisoning, torturing and killing persons Targeted by the FISA court are crimes. The evidence shows that people are telling the truth. **They are being gangstalked.** Does the picture above look like a delusion?

This is a **world wide program**, not just in the US.¹⁴ Targets all over the US are being poisoned, attacked with bioweapon Morgellons and tortured with microwave. This is happening in countries who agreed to Agenda 21. These programs are called free, voluntary or non-profits, but people are strategically "diplomatically" pressured to join. Agenda 30 is in operation and by 2030 each human may be implanted with hundreds of electronic devices and monitored 24/7 by the government, even your children and grandchildren.¹⁵ **This has to stop to save our children and all humankind.**

God will be coming to punish the wicked so we have no thoughts of violence or revenge, just educating people with the truth. Our mission is to support Targets and contact anyone it takes to stop this corrupt government, such as InfraGard partners and give them the other side of the stories told to them by the FBI. You may also donate to this cause at PayPal, email TargetedHumans@proton.me. We hope you will let us testify as to the harm the FISA court is doing. All our FOIAs are rejected from all government entities. Lawsuits do no good against such a powerful government. There is no proof coming from the government until these agencies are stripped of their power. The USA owes all the people who are suffering in this program a whole lot of money.

We ask with great urgency that the DOJ, FBI and InfraGard stop targeting innocent people. We are not terrorists. We are people just living our lives quietly, raising families, going to church, educating our families and trying to serve our communities the best we can.

The FISA Act needs to be repealed in its entirety and every act passed after 9-11 which removed people's civil rights. We sincerely implore you to explore the Targeted community and learn just what suffering is going on with Morgellons, Havana Syndrome and Targeting with stalking and torture.

Sincerely,
