# AM/OR 2DJS

AM/OR 2DJS  
is a duo made up of

Manuel d'Amario *aka* **ANIMANUEL**  
Rossano Gi *aka* **YOR**

**AMOR 2DJS** is a duo born from the evolution of two clubbers who grew up dancing in some of the best clubs and festivals around the world. Since 2013, they've been turning their passion for house music and its shades into a dedicated project, to create unique musical experiences for an attentive and authentic audience.

They describe their sound as Fluid House Music: a free-flowing approach that adapts to the energy of the moment. Their long, immersive sets are always authentic, meant to be lived on the dance floor, not listened to in a podcast.

### **LA FESTA ATTITUDE**

is both their party and their mantra: every night is a celebration where the duo and the crowd become one. The booth is often placed at the center of the dance floor, inspired by Greek theatre, to create the most intense and direct connection possible.

Alongside this path, **LUNATICA** was born: a parallel musical narrative, more intimate and less pop. A more instinctive selection, less tied to what's already familiar. Not better or more extreme, just different.

With AMOR 2DJS they bring energy, rhythm, and strong identity. With LUNATICA, they share that sonic world they've been collecting all their lives, but never really had the chance to present.
