# ANIMANUEL

ANIMANUEL is a DJ and performer whose identity is deeply rooted in house music. His sets are conceived as shared experiences, where selection, energy and presence create a constant dialogue with the dancefloor.

Working across vinyl, digital and hybrid setups, his approach rejects rigid or pre-packaged formats in favour of fluid, context-driven performances. Each set is shaped around the space, the audience and the moment, drawing from disco, funk and electropop before evolving into contemporary deep house, tech house and harder shades.

## AM/OR 2DJS

ANIMANUEL is the creator and part of the duo AMOR 2DJS, together with his partner YOR.

Together they founded **LA FESTA ATTITUDE:** inspired by Ancient Greek theatre, they always envision the DJ booth placed in the middle of the dance floor, in close contact with everyone and everything, in order to create a deep connection with the crowd.

## CLUBS
