AN = *Anthropology Newsletter*
FN = *American Anthropological Association Fellows Newsletter*
notice = Indicates a "Death Notice" listing rather than an obituary
* = Year born was crudely estimated by subtracting age at death from year of birth.
~ = Source of these citation is: Silverberg, David I. 1951 "Obituaries and Death Notices Appearing in the *American Anthropologist*, 1888-1950" *American Anthropologist* 53(4), pt 2:64-72.

Last issue of *Anthropology News* indexed: March 2004, last issue of *American Anthropologist* indexed: March 2004.

Note: This is still a work in progress with limitations, holes and (no doubt) some still lurking typos. The holes are largely due to the different reasons why this index was compiled over the years. Some categories are woefully incomplete (e.g. information on obituary authors) because I was not initially interested in tracking this information. This index can be found online at: <http://www.stmartin.edu/~dprice/deadbook.ndx>. I am indebted to Marvin Harris, Susi Skomal, William Sturtevant & Nathalie Woodbury for their assistance in helping me find errors and omissions. All errors in this index are my own. I'm still adding names so please drop me a line if you have corrections, or know of missing information. Thanks, --DP 3.15.04
