Subject: Recommendation Letter for Ms. Logeshwari

Dear Sir or Madam,

It is with absolute pleasure that I write this letter of recommendation for Ms. Logeshwari. I have known Ms. Logeshwari as one of my participants during the O.P. *Jindal Global University's United Nations Immersion Programme January*, a study-visit organized by UNITAR that took place from 08 January – 19 January 2024 in Geneva, Switzerland. The programme consisted of a series of expert lectures, training workshops, multilateral conferences, career development sessions, simulation exercises, cultural activities and guided tours related to the United Nations and other international organizations in Geneva.

As the UN Immersion Programme brought students into a highly international environment, it required them to be competent in the use of English language, demonstrating cross-cultural sensitivity as well as a decent understanding of international affairs. Ms. Logeshwari excelled in all of these aspects. From my observation, she also developed an excellent rapport with her fellow participants and proved curious and outspoken in her relation to the United Nations' experts and trainers.

From the very beginning, Ms. Logeshwari stood out by being among the most motivated participants to learn about international affairs. Her performances in the training workshops on the Sustainable Development Goals (SDGs), and Negotiation Skills bore testimony to a genuine interest in contributing to the UN and its cause.

I am thus convinced that Ms. Logeshwari is an excellent choice for your programme as she was for mine. I am certain she will prove to be a valuable member to your group and make most of any opportunity she is being offered. Please do not hesitate to contact me in case you may need further elaboration regarding my assessment of Ms. Logeshwari's character and capability.

Yours sincerely,
