Please keep the following points in mind while preparing your documents:

1. To be able to sell on noon, your trade license must authorize trading, selling, or manufacturing activities. Additionally, an E-Commerce license is also accepted. However, licenses limited to service provision are not accepted.
2. Each set of documents must be unique to a single account. Sellers cannot use the same documents (e.g., trade license, identity proof, or bank account details) for more than one account.
3. The required personal ID must be of the person mentioned on the trade license. If the name on the ID is different than the one on the trade license, we require a power of attorney from an authorized personnel stating that the designated person can act on behalf of the person holding the trading license and their company.
4. **Bank Details:** Providing bank details is optional and not required for registration. However, adding them ensures smooth payment processing for both local and international transactions.
5. If you have previously submitted any of the required documents, there is no need to resubmit them to avoid duplication.

FAQ

Q: Can I request copies of my Trade License, VAT Certificate, Tax documents, Bank Details, or ID documents submitted to noon?

A: Unfortunately, noon does not provide copies of documents submitted during registration. We recommend keeping your own copies securely stored for future reference.

That's it!
