

## **PRESS RELEASE**

### **SGC Launches Its New Comprehensive Logistics Department**

As of March 1, 2025, SGC inaugurates its new Comprehensive Logistics Department, a strategic initiative designed to offer complete, competitive solutions from manufacturing origin to final delivery at the client's destination.

To facilitate this important step, SGC has established strategic agreements with several shipping companies, enabling preferential booking conditions, competitive pricing, and enhanced service efficiency. This ensures superior value and optimal logistical performance for all its clients.

The new department reinforces SGC's commitment to optimizing every stage of the logistics process through rigorous and continuous oversight, allowing for the anticipation, management, and effective resolution of potential incidents within the supply chain.

Leveraging nearly a decade of robust experience in international trade, SGC positions itself as an even stronger and more competitive player, fully capable of meeting current market demands with innovative and efficient solutions, further strengthening the trust of its clients and business partners.

With the launch of the Comprehensive Logistics Department, SGC reaffirms its commitment to operational excellence and client satisfaction, continually maximizing value and enhancing client confidence.
