CUSTOM PACKAGING

SIZE 1 KG

EFULTE BOX MATERIAL

E-Flute boxes are a type of corrugated cardboard packaging designed to provide strength, durability and protection to various items during shipping and storage.

DUPLEX PAPER

Duplex paper, a popular choice for E-flute case covering material, consists of two layers for a variety of packaging applications, including E-flute boxes.

INNER PLASTIC

After using E-flute and duplex paper for the outer box layer, the final step is to ensure that the product is safe and maintains product quality. We use inner plastic when packing 1 kg of briquette.
