### 03/13: Reykjavik - Thingvellir - Geysir - Gullfoss Falls - Hvolsvöllur - Vik

Breakfast at the hotel. Today, take part in an excursion to the **Golden Circle**. Your first stop will be to Thingvellir, where the forces of the Great Atlantic Rift are clearly visible. This is where the North American and European tectonic plates drift apart 2-6 cm every year. Thingvellir is also the place where the ancient Icelandic parliament was established in 930.

From here, you will acquaint yourself with **Strokkur**, Iceland's most visited Geysir, known for erupting every 10 minutes. Next, make your way to **Gullfoss waterfall**, one of the country's most beautiful natural wonders. After this, you will visit a local horse stable and a greenhouse before driving through the landscapes of the south of Iceland to visit the new lava center in Hvolsvöllur.

If weather permits, you will end your day going on a hunt for the **Northern Lights\***. Make your way to your hotel for check-in and overnight stay in Vik. However, despite our long experience in leading groups, please note that the Northern Lights are a natural phenomenon that is very hard to predict, hence sightings cannot be guaranteed.
