

If you are selling Raffle tickets, people will ask you the cost. The cost is \$5 for one ticket, \$20 for 5 tickets. Raffle tickets have the chance to win a prize from the Crafters (randomly drawn, they do not have a choice of which prize), or cash prizes of \$100, \$200 and \$300. The drawing is on Sunday at 4 and they do not need to be present. You are asked to pick up a money pouch at the bank at the beginning of your shift and to return it (with the money you earned, any left-over money and left over tickets) to the bank at the end of your shift.
