

SAVE OUR LIBRARY SERVICES

City of Leicester

Leicester City Council has announced proposals to make severe cuts to our library services. We must act to defend what is very much at the heart of our communities across Leicester.

As educators, we all know the power reading has in the daily lives of both pupils and society. City of Leicester NEU need you to get involved in this campaign.

- Complete LCC's online survey.
- Encourage colleagues, family members and friends to do the same.

- Request your school shares the consultation link with parents.

- Attend the upcoming LCC consultation meetings held at your library.

- Write to your local councillors and MP.

Student competition

Get your students' voices heard on this matter! Provide pupils the opportunity to express their views through the NEU's student competition.

All entries will be forwarded on to the ward councillors for your school's locality. There will be a book voucher prize for a pupil in each school which participates.

Further information on how to get involved, including links to the survey can be found on our dedicated webpage:
