## August SOR (Statements of Refusal) signed: 4

Trustee Kevin Robling asked what are good intent calls? Deputy Chief Matt Bright explained they're essentially false alarms. Trustee Robling asked what are most of the false alarms? Deputy Chief Bright stated an activated alarm system is common. Trustee Robling asked if there's any issues with a particular business when it comes to false alarms. Deputy Chief Jason Allen stated MFPD hasn't had a consistent address recently.

Deputy Chief Matt Bright explained that he did the yearly rolling average from August 1, 2024-July 31, 2025 we're consistently average across the board.

Trustee Kevin Robling brought up Station 26 in regards to distance to get to N. Benton with the consistent calls. Any progress on getting able to cross at Wayport or emergency

access to I-69? Deputy Chief Bright stated access to I-69 is still a conversation. Long discussion on ambulance access to the interstate.

Fiscal Officer Michael Baker stated a gentleman approached him from Salt Creek expressing his concern about the neighborhoods where certain people live and trucks not able to access their homes – narrow drives and no hydrants. How does MFPD deal with situations like that? Deputy Chief Matt Bright explained for long drives or residents having a long offset from roadways, yard lays would be utilized, which is basically a larger diameter hose that can be taken off the engine - you take it out so far and take the appliance "the Y if you will" to get more lines. Also shuttle water. Deputy Chief Bright mentioned he looked at details on Station 23 and connectivity issues with being able to report as active as possible on runs.

Trustee John Bernstein asked how's the new intersection at Dillman Road? Deputy Chief Matt Bright explained no dispatches since.

#### c. Emergency Medical Services & Operations

Deputy Chief Matt Bright updated the board on EMS & Operations Current Situation:

- Members physicals and fit testing are underway
- Fit testing and hand out respirators/canisters for MCSO underway

## Accomplishments:

• Successful water rescue and CPR save

#### Planned Activities:

• Work on additional grant opportunities through LEPC to upgrade hazmat equipment

Assistant Chief Danny Gillespie explained the successful water rescue with a CPR save. Called for a water rescue down by Fourwinds at the public ramp. A gentleman noticed a car inching towards the water, tried to make contact with the person in the car (getting no response), and the car goes fully into the water. The gentlemen proceeds to run to his truck hook a chain to the car; however, he didn't have a chain long enough. With that, the gentlemen held onto the car and the floating dock until crew from Station 21 arrived. When crew arrived, two firemen were able to bust the back window, wrap a rope around it, hook it to Tac 21, and pull the vehicle out of the water. Found the patient unconscious and immediately started CPR on the boat ramp – got pulse back, Station 22 rode in with patient as well. Crews did an outstanding job.

Trustee John Bernstein asked if MFPD ambulances have always been at football games for high school? Deputy Chief Matt Bright states yes always an ambulance, but previously was IU Health.

#### d. Fleet

Fleet Manager Nick Powell updated the board on Fleet: Current Situation:

- Maintenance:
  - o 23 minor
  - o 5 moderate
  - o 2 major
  - o 7 out of service for 1+days
    - Marine 21 failed jet drive

#### Accomplishments:

- New Brush 21
  - o The new Brush 21 is currently being built
- Pump testing, pump service, and truck service
- O All engines and ladders have been tested and serviced all passed Planned Activities:
  - Vehicle replacement schedule
    - o Built a vehicle replacement for the next 20 years

Trustee Kevin Robling asked what the two major work orders are? Fleet Manager Nick Powell explained Marine 21 and broken leaf spring for Engine 29.

Trustee Dan Vest asked are the major work orders something you can't do in house? Fleet Manager Nick Powell explained no, he tries to go with cost and time out of service.

## e. Training

Assistant Chief Danny Gillespie updated the board on Training: Current Situation:

- IDHS Local Training Grant \$9,848.00 (manikins, helmet shields, containers)
  - Pricing an purchasing of training manikins and helmet protective shields

#### Accomplishments:

• Company Level Trainings on: building construction, ropes & knots, hydrants, mass casualty incidents, and oxygenation

#### Planned Activities:

- Driver Operator Certification Series
  - D/O Pumper September, D/O General and Mobile Water Supply
     October, D/O Aeria l November
- Company Level Trainings on: Training on Q&A, audit and review, traumatic injuries, trench rescue awareness, structural collapse, fire rescue fitness
- Meeting with BFD 8/11/25 to continue future planning for joint training Training Hours:
  - Company Training
    - $\circ$  July training hours -1,475

Trustee Kevin Robling asked about history with BFD – more political issues rather than firefighters. Have we been training together more recently? Assistant Chief Danny Gillespie explained that in general we've always trained well with BFD. We may have

not done a lot of state certification courses together; however, we're strengthening that relationship.

### f. Community Risk Reduction

Deputy Chief Steve Coover updated the board on Community Risk Reduction. Current Situation:

• Community Emergency Response Team (CERT) course set to start August 28<sup>th</sup>

#### Accomplishments:

- Finalized a public education program for CPR and First Aid Planned Activities:
- Keynote Speaker at the New Jersey Youth Conference December 4 Fire Inspections:
  - Fire Safety Inspections 46
  - Re-Inspections 7
  - New Construction Inspections 1
  - Plans Review 18

#### g. Financial – Claims

Financial Assistant Lorie Robinson presented financial summary for July 2025. Current Situation:

- 2026 New DLGF Gateway Budget Platform Training and Webinars weekly meetings
- 2026 Budget
- Gather 2026 Budget estimate reports from the State as they become available
  - o Max Levy, Excise, CVET, Property Tax Credit Loss, LIT

#### Accomplishments:

• Prepared the next ARPA Grant Request for Reimbursement

#### Planned Activities:

• ARPA Ambulance Reimbursement – Final Distributions

#### EMS Revenue & Collections:

- Added the active accounts receivable best month of collections: \$27,176.78
- General Summary could be 58% we are at 57%
- Cumulative Fund at 64% paid loans
- Restricted Donation at 96% septic field

Trustee John Bernstein asked about Station 21 mortgage, why wouldn't that be at 58% as well? Financial Assistant Lorie Robinson explained that we still have one more payment that happens at the end of December.

#### h. Administrative Report

Chief Dustin Dillard updated the board on Administration Report. Current Situation:

• Finalized new payroll process documentation

- Fire Rescue International Conference
- Environmental & Historical Preservation Survey Positive Sign for FY2024 AFG Exhaust System Grant

## Accomplishments:

- DLGF Budget Workshop
- Chief appointed to Emergency Notification Task Force by the Governor Planned Activities:
  - Community Day Station 21 Saturday, August 23<sup>rd</sup>, 11:00am 4:00pm
  - Budget Work Session, last week of August or first week of September?

## Personnel Report:

- New Hires Full Time 0
- New Hires Part-Time 0
- New Hires Substitutes 0
- Retirements 0
- Promotions -0
- Resignations 0

Volunteer Hours: 327.25

Trustee John Bernstein asked what is first due onboarding? Deputy Chief Matt Bright explained it's a new software system that he was referring to earlier.

#### **UNFINISHED BUSINESS**

#### **NEW BUSINESS**

### a. Ambulance Special Event Contract Template

Deputy Chief Matt Bright stated MFPD has been requested to provide standby ambulance coverage at all high school football games (including Edgewood, Bloomington South & North). Chief Dillard and Deputy Chief Bright discussed last year the potential template for contract that would be used for special events. Deputy Chief Bright drafted a template and sent to Vicky, Michael, and Mark for review (due to the first high school football game and needing a quick turnaround of approval). Trustee Kevin Robling asked if legal reviewed this? Legal Counsil Christine Bartlett stated yes.

Trustee Dan Vest made a motion to approve the Ambulance Special Event Contract Template

Trustee John Bernstein 2<sup>nd</sup>

Bernstein – Yes, Hingle – Yes, Baker – Yes, Vest – Yes, Sorensen – Yes, Kruzan – Yes, Robling – Yes.

Motion Passed 7-0

## b. Air Conditioning Unit – Station 21 Upper Garage

Deputy Chief Bill Tusing explained the air conditioning unit went down earlier this summer. Due to it being such an old system, they can't even replace the freon, so that's why we're requesting a new one.

Trustee Kevin Robling asked which garage? Deputy Tusing explained it's the maintenance garage.

Trustee Dan Vest stated there's only one estimate listed per item; do you have other estimates? Chief Tusing explained no, Commercial Service does all our maintenance – we've used them since 2021.

Vicky Sorensen asked if MFPD is requesting the board to approve \$9,845.00 of the \$10,000.00? Deputy Chief Tusing explained that if we wanted a bigger unit that's what the \$10,000.00 is for.

Vice-Chair Mark Kruzan asked if we have any employees of the district working for Commercial Service? Chief Dillard stated no, not that he's aware of. Vice-Chair Kruzan elaborated that anytime this board approves money, he wants us to ensure that we're doing our due diligence. Chief Dillard adds that one of the reasons MFPD has gone with Commercial Service is they have emergency call-ins and expedited things for us – we value their services.

Trustee John Bernstein stated we should get another bid. Deputy Chief Tusing stated that he will get additional bids moving forward.

Trustee Kevin Robling made a motion to approve purchase of new AC/Furnace unit and duct work needed for Station 21 upper garage utilizing Commercial Service at a cost of \$9,845.00.

Trustee Dan Vest 2<sup>nd</sup>

Bernstein – Yes, Hingle – Yes, Baker – Yes, Vest – Yes, Sorensen – Yes, Kruzan – Yes, Robling – Yes.

Motion Passed 7-0

Trustee Kevin Robling asked if we approve employees to have other jobs? Do we have knowledge? Financial Assistant Lorie Robinson explained that part of our Internal Controls would be the Conflict-of-Interest form that we have to fill out. It's typically for a decision maker. Chief Dustin Dillard also stated that informally we do know where the off-duty jobs are – formally, no.

#### c. Concrete Pad – Station 29

Deputy Chief Bill Tusing explained to the board that he had called several companies for quotes for a concrete pad to be poured at Station 29. However, the only bid he received was from Whitfield Concrete.

made a motion to request we table this until we receive two more estimates.

Trustee Kevin Robling asked if we could include labor and material instead of just a total cost on the job. Deputy Chief Tusing stated yes.

Trustee John Bernstein asked if it's an issue in a months' time we can't get another estimate to proceed with the original estimate? Trustee Kevin Robling stated if we can't get another estimate we can't get another estimate.

Chair Vicky Sorensen asked if we put something on hold for the next month and we don't get two more bids on it, do we go ahead and give a month on it and vote? Or do we have to have a time period? Trustee Kevin Robling suggested that a month is a good while and Deputy Chief Tusing will do his due diligence, so we should keep it on the agenda.

Trustee Susan Hingle requested that we let the board know beforehand.

Legal Counsel Christine Bartlett stated that we are not to the level to require three bids.

Trustee Dan Vest made a motion to table the concrete pad discussion until more bids are received.

Trustee Kevin Robling 2<sup>nd</sup>

Bernstein – Yes, Hingle – Yes, Baker – Yes, Vest – Yes, Sorensen – Yes, Kruzan – Yes, Robling – Yes.

Motion Passed 7-0

## d. Snow Bar Replacement – Station 24

Deputy Chief Bill Tusing mentioned he's called in several companies and JMMA is the only one that turned in a bid.

Trustee Dan Vest asked if there was any Conflict of Interest with this company? Deputy Chief Tusing stated that it's a company we've used before with roofing and has no relationship with anyone there. Administrative Assistant stated that she's aware her husband is a salesman for the company, but he does not own the company, nor does she have any involvement.

Trustee Dan Vest asked how many estimates did MFPD try to get? Deputy Chief Tusing stated probably half a dozen roofing companies and two gutter companies; however, no one showed up to give an estimate. JMMA is the only company that showed up.

Trustee Dan Vest made a motion to table this and will get with Deputy Chief Tusing to get more information.

Vice-Chair Mark Kruzan 2<sup>nd</sup>

Bernstein – Yes, Hingle – Yes, Baker – Yes, Vest – Yes, Sorensen – Yes, Kruzan – Yes, Robling – Yes.

Motion Passed 7-0

#### e. Generac Extended Warranty Contract

Financial Assistant Lorie Robinson explained that at the end of 2023 beginning of 2024, MFPD purchased two new generators for Station 22 and Station 23. The generators came with a two-year warranty on labor and a three-year warranty on parts. As you get closer to the end of the two years, Generac (the company the generators were purchased from) sends you an offer to extend that warranty for a 5, 7, or 10 years. Financial Assistant Robinson looked over their prices and talked to Generac as well – would not give us tax exempt offers. Generac suggested looking at someone local if MFPD is interested in the extended warranty. Deputy Chief Bill Tusing talked to a couple vendors alongside Chief Dillard and they recommend the extended warranty through Midwest Generator Solutions. The quote priced from Midwest Generator Solutions is cheaper than Generac and they offer us tax exempt status – total is \$1,990.00 for two generators for the full 10-year warranty.

Trustee Dan Vest asked if we have a breakdown of what the warranty covers? Financial Assistant Lorie Robinson explained that it's the same contract as Generac, but it's serviced by Midwest Generator Solutions.

Trustee Dan Vest asked what the initial cost of the generators were? Financial Assistant Lorie Robinson stated \$9,000.00 each.

Trustee Kevin Robling made a motion to approve the Midwest Generator Solutions 10-year extended warranty for two generators (located at Station 22 and Station 23) in the amount of \$1,990.00.

Trustee Dan Vest 2<sup>nd</sup>

Bernstein – Yes, Hingle – Yes, Baker – Yes, Vest – Yes, Sorensen – Yes, Kruzan – Yes, Robling – Yes.

Motion Passed 7-0

#### **f.** 2026 Budget

Chief Dustin Dillard explained the budget is primarily on the revenue side. Typically, we've received majority of the revenue streams and were able to forecast those; however, we have yet to receive the Franklin Peter Financial Impact Study back, so we have nothing to compare with. Chief Dillard elaborates stating the revenues that have been reported thus far are in alignment with what Legislative Services have input in the Fiscal Impact Report for Senate Enrollment Act 1. With that, property tax cap is going to reduce our revenue by about \$700,000.00. Reduction in assessed value by about \$55,000,000.00. This year is the first year our assessed value has a negative 1.5% impact. Meaning, if we increase the budget, the NLGQ rate by default will increase the property tax rate due to the loss of assessed value. Addition to that, Financial Assistant Lorie Robinson has obtained the Estimated LIT – traditionally 85% of what the certified shares come out to be. In 2025, we're receiving 4.1 million and based on the state estimate we look to bring in about 3.7 million. When we do our budget this time of year, we usually use that reduced amount because it gives us a higher property tax rate projection. When the certified shares come back our property tax rate is less than what we originally anticipated. Chief Dillard reminds the board of last year's plan of hiring nine firefighters. In 2025, MFPD reduced that to hiring six so

that they could be paired with the three hired in 2026. Currently at 8.2 million for draft #2. We're working this later this time around due to the revenue estimations. Our contractual payments go up to \$270,983.00 – 4% increase due to the NLGQ. The LIT Certified Share Revenue is down to the 3.7 million. The state estimates the vehicle/aircraft access & CVET to be \$533,800.00 - \$8,000.00 difference, but it is a decrease. We don't have any assistance to firefighter grant funds listed as revenue, but we do have a grant submitted. Miscellaneous revenue for EMS, currently left the projection at \$500,00.00. We would need to bring in approximately \$41,000.00 per month. Property tax caps last year were \$69,000.00 and this year the estimate was about \$610,000.00. Cut non-essential things from the budget that we can lower that amount needed or additional revenue raise from property taxes to make up that gap. With that, estimated property tax as listed with the estimated miscellaneous revenue (knowing the LIT revenue is likely low), we're looking at a \$0.35 tax rate which is substantially higher than what Chief Dillard agreed to do. Local Income Tax Certified Shares should be received to tell us where our tax rate is, and we'll work to make our cuts. Unsure if we can hold to the \$0.25 rate with that reduction and assessed value. We have always based that rate off the rate the district has seen. We don't want to reduce our services or operations.

Looking at the budget itself, we've included a 5% cost of living adjustment. Officer pay is where the bulk of increases are. Last year we talked about getting the base firefighter pay to an equal standing and we found that if we we're in a \$5,000.00 of that salary with our benefits, the take home pay was roughly the same. The officer pay is where the gap was. Officers and Chiefs did not get a 10% raise either. This year we have an increase of longevity by \$16,000.00 - 10%. Part-time line has numerous vacancies and will likely be reduced by positions.

Substitute Emergency Overtime – 4% last year, didn't align correctly with the 10% raises.

Social Security and Unemployment Insurance – between those two, we've already reduced about \$25,400.00 based on the actuals for the last three years and what we can project costs to be.

PERF contributions for the 77 fund – at the state level mandated contribution increase of 3%, 23% by employers – \$289,000.00. Perf contribution up \$36,000.00 and the regular pension fund going up by 5% due to cost-of-living increase.

All supply lines remain at 0% increase. Small increases in services.

The orange lines are being calculated now. All the various Chiefs are entering the service contracts and estimates for 2026 for some of the responsibilities. No substantial increases in those costs.

Utilities – unsure of the full cost of Admin Building West – no concerns there currently. Already included Station 26 for budget 2025, likely need a slight adjustment if utilities increase.

Overall, the budget is at a 7.8% increase currently for a total of \$1,323,000.00. Senate Enrollment Act #1 will hold a big impact. There's a lot of changes in 2027 that we hope to be helpful to emergency service organizations. Chief Dillard reiterated that he will provide multiple drafts for the boards review. Two big ticket items are raising officer pay and 3% increase in the 77 fund.

Trustee Kevin Robling asked why is officer pay doubling? Chief Dillard explained that other fire departments and City of Bloomington do their salaries as individual salaries in the budget line per the various ranks. MFPD has traditionally always done salary plus officer pay because their salaries can be incorporated in pensions and pension contributions. There are firefighter's pensions paid based off first-class firefighter salary. Salaries are higher; however, pensions are based off the lower salary. In addition to that, when we applied cost-of-living adjustments, the cost-of-living would be added to the salary, not the officer pay. Over the years, the officer pay wasn't always increased proportionately. There's a substantial gap between our firefighters and officers. Last year we prioritized our firefighters due to turnover rate based on compensation. Some officer rates are \$3,500.00 and to get them with City of Bloomington they're at \$7,000.00. Chief Dillard stated that he will provide a side by side of BFD and MFD salaries.

Cumulative Fund – one idea is to free up as much Cumulative Fund as possible so that if we need to move any operational equipment or capital in the General Fund to the Cumulative Fund, we'll be able to. We have one apparatus to be paid off in 2026 and another in 2027. The Station 21 remodel to be paid off at the end of 2027. Chief Dillard would like to budget based on Cumulative cash on hand and the revenue to be collected in 2026 to pay all three of those items off next year.

Small vehicles we've changed that line from \$140,000 to \$160,000 based on the cost that we've seen for the vehicle itself and the equipment that's going on it.

Miscellaneous Capital Outlays – going from \$177,000 to \$223,000. Traditionally in the past, that line was used for loans, station renovations, and equipment that breaks.

Overall, the Cumulative Fund sees a 10.64% increase over 2025 and 4% was the NLGQ, so an additional 6% to the Cumulative Fund which is cash on hand. Financial Assistant Lorie Robinson stated she hasn't put this in the gateway yet.

Trustee Kevin Robling asked about Station 26 construction, he doesn't see a number under 26 proposed. Chief Dillard stated that it's paid off and finished.

Vice-Chair Mark Kruzan asked if we have results for Franklin Peter? Chief Dustin Dillard stated no, not at this time. Vice-Chair Kruzan followed up asking how will that

information impact what's being discussed now? Chief Dillard explained it's a checks and balance – we're getting information from the state and County, we want to see what the direct study into our specific situation looks like and compare those two. Financial Assistant Lorie Robinson mentioned the concerns of the Certified Net Assessed Value drop being reduced this year. Property tax caps have a direct correlation to the number of tenant owned homes in Monroe County, so they never had a tax cap before. Now if you own a home that you rent, you get a 2% reduction which has had a dramatic effect on Monroe County. As well as additional credits for those over 65 and the overall legislations.

Vice-Chair Mark Kruzan asked what the percent increase of the general fund was last time? Chief Dillard stated 13.09% increase in the budget.

Vice-Chair Mark Kruzan asked what the condition of Rainy-Day Fund is? Financial Assistant Lorie Robinson stated there will be a conversation later tonight regarding a possible new apparatus - \$3,000,000.00. Vice-Chair Kruzan asked how much can we take from Rainy-Day? Elaborating on how he wants to ensure we are not shifting the burden and wants to know what a 0% increase budget would look like. In addition to that, he'd like to see a budget with a 2.5% - 2.7% increase would like look – essentially cost-of-living.

Financial Assistant Lorie Robinson mentioned that over the last two or three years when we've had successful grants, we've built our cash balance from 10% to 30%.

Vice-Chair Mark Kruzan asked about Ambulance Service Revenue – Net. Financial Assistant Lorie Robinson stated that MFPD would like to see \$500,000.00.

Trustee Kevin Robling commented that he's curious why we would double up the payments in the Cumulative Fund. Chief Dustin Dillard explained there are two components. There's going to be some relief in property tax in the state. LIT goes away in 2027. The County would have to pass a new LIT for Fire & EMS for us to recover any of the LIT. We have to lobby the County to pass an income tax, two weeks before the general election. Everything changes on the income tax side in 2027 - if we don't get the rate that we need to maintain these balances, bringing up those funds gives us opportunities to move those items out of the General Fund into the Cumulative Fund.

Fiscal Officer Michael Baker mentioned the current projected revenue. Is the situation likely to change and have more staffing and revenue? Deputy Chief Matt Bright explained that Lifeline is actively working to be dispatched like everyone in the County. When that happens, we should receive more transport calls. Fiscal Officer Baker followed up asking if cutting back staff and potential hires in the future, would they lessen the ability to be able to operate the other two ambulances on a full-time basis (without pulling personnel from the station to do it)? Deputy Chief Bright explained that anything that would cut that revenue could potentially impact. Right

now, we're staffing one truck – the other ambulance responses that you see occur when we're completely out of everything. We dispatch trucks when needed.

Long discussion on ambulance calls/dispatches.

Trustee Dan Vest asked about cost-of-living, how did we get 5% when the County is 3.5%. Financial Assistant Lorie Robinson explained the studies that the County did over the past two years had increases of 8% - 13% where MFPD held theirs at 4%. Over the last two to three years, the other positions have fallen behind the County based on the MLGQ.

Trustee Dan Vest asked about longevity – County no longer offers longevity unless you're grandfathered in. Do you still offer longevity to new hires? Financial Assistant Lorie Robinson stated that we do offer longevity for new hires, and it plays a role in certified salaries for our firefighters as well.

Trustee Dan Vest asked if you can provide a salary scale – what would a brand-new hire start off at? Administrative Assistant Tammy Bovenschen stated that base salary for a new hire (once they're out of probation) is \$72,820.00 is for 2025. We're looking to move that to \$76,461.00.

Chief Dustin Dillard stated that officer pay is separate from the salaries and breaks down base salaries and increase in officers.

Trustee Kevin Robling asked how many officers are there? Chief Dustin Dillard explained the following:

- 18 Chauffer's at \$1,500.00/each
- 15 Sergent's at \$2,500.00/each
- 16 Lieutenant Captains at \$3,500.00/each
- 8 House Captain's at \$7,500.00/each
- Fire Marshall at \$10,000.00
- Battalion Chief at \$10,000.00
- Assistant Chief at \$12,500.00
- Deputy Chief at \$15,000.00
- Fire Chief at \$20,000.00

Trustee Kevin Robling asked if the officers are current? Chief Dillard said yes. Trustee Robling asked if someone was going from \$12,500.00 to \$25,000.00? Chief Dillard explained that he doesn't have the sheet with him at the moment, but not everyone doubles. Most of the lower ranks double and the upper ranks increase. The bulk of the ranks are at the lower levels, so a vast majority of the officers would see double.

Trustee Dan Vest reiterated that he'd like a salary scale at the work session.

Financial Assistant Lorie Robinson explained that Binding Units must be submitted by September 1<sup>st</sup> and if not completed, could cause penalty. Having it completely entered in the Gateway, so that County Council can view on the 11<sup>th</sup> would be ideal by September 1<sup>st</sup> (if we can't, hopefully the auditor will be able to tweak any adjustments as needed before the 1<sup>st</sup>). Earlier the better.

Trustee Kevin Robling made a motion for two work sessions - Monday, August 25<sup>th</sup> & Friday, August 28<sup>th</sup> at 3:00pm at Station 21 (for both).

Chief Dustin Dillard commented on the discussion about estimates on officer pays. Chief Dillard explained that the line in there on officer pays is double for all the officer pays, \$120,000.00 of that is in the Lieutenant category. Salary ordinances will get mocked up for side-by-side review.

Long discussion on Officer pay and breakdowns of pay for each rank.

# Who We Are

Since 2013, RCV Roofing, Siding & Gutters (RCV) is a beacon of professionalism and customer service in the local roofing industry.

RCV identified a significant void in customer care and professionalism within the local roofing market. Addressing issues of client unresponsiveness from contractors, and lack of attention to workmanship. **RCV** instilled values of excellence into the industry.

At RCV, commitment to quality and service is paramount. The company swiftly achieved success and growth, becoming the largest residential roofing company in Bloomington.

#### **Ensure Peace of Mind**

It's our mission. It's our purpose. RCV solves problems and ensures peace of mind for every customer through exceptional service.

#### **Don't Take Shortcuts**

As you may have realized by now, RCV is not like other contractors. From getting into your attic during inspection, through installation of top quality materials, to cleanup and quality check, we don't take shortcuts because we want you to feel confident about your decision to work with us.

#### Partner with the Best

As an award-winning contractor, RCV partners with some of the most respected manufacturers in the industry and we are happy to pass on great partnership benefits, like Lifetime Warranties, to you. By choosing to work with RCV, you're partnering with the best.

#### Always Do What's Right

Delivering on our mission is very important to us. Sometimes, things don't go as planned and contractors don't hold themselves accountable. That's not RCV. While we strive to provide the best service, if something does happen, our teams will always do what we can to make things right.

# MEMORANDUM OF UNDERSTANDING FOR USE OF BENTON TOWNSHIP SURPLUS FUNDS

This Memorandum of Understanding ("MOU") is entered into as of this <u>loth</u> day of <u>september</u>, 2025, by and between the Monroe Fire Protection District (the "District") by its Board of Fire Trustees and Benton Township, Monroe County, Indiana ("Benton"), by its Trustee and its Township Board (collectively, the "Parties").

WHEREAS, Benton desires to transfer surplus funds to the District to improve emergency services within Benton and the surrounding community;

WHEREAS, the District has proposed the purchase of four mechanical CPR devices and three cardiac monitors ("Lifesaving Medical Devices"), and Benton is in agreement with this proposal; and,

WHEREAS, the Parties desire to express their general understandings and intentions regarding the purchase, use, and maintenance of the Medical Devices;

NOW THEREFORE, the parties agree as follows:

- 1. <u>Transfer of Funds:</u> Benton will transfer Two Hundred Thirty-six Thousand Three Hundred Ninety-four Dollars and Seventy-four Cents (\$236,394.74) for the District's purchase of the Lifesaving Medical Devices. The District will receive and maintain the funds as designated for a particular use, specifically the purchase of the Lifesaving Medical Devices.
- 2. <u>Purchase of Lifesaving Medical Devices:</u> The District shall purchase the Lifesaving Medical Devices as soon as practicable. The District shall be responsible for approving and placing the purchase of the Lifesaving Medical Devices. The District will own the Lifesaving Medical Devices.
- 3. <u>Use of Lifesaving Medical Devices</u>: The Lifesaving Medical Devices shall be housed at the following three stations: Station 24, Station 25, and Station 26. Benton understands and agrees that these Devices may be used on emergency runs outside of Benton Township. The District shall provide reports to Benton Township on an agreed-upon frequency, but no less than quarterly, describing the frequency of use and other relevant information describing the impact of the Lifesaving Medical Devices.
- 4. Maintenance of Lifesaving Medical Devices: The District shall be responsible for any maintenance of the Lifesaving Medical Devices consistent with the maintenance schedules and procedures it presently provides for other reasonably comparable equipment in its inventory. The District will rely on the manufacturers' recommendations on determining the timing, scope, and nature of all maintenance on the Lifesaving Medical Devices. If in the event any of the

Lifesaving Medical Devices should be decommissioned due to end of its service life, become obsolete, or be destroyed to be considered a total loss, the District may dispose of the Lifesaving Medical Devices for trade, donation, sale or scrap in its sound discretion with any proceeds received to be applied to the acquisition of replacement equipment or other needs of the District to best serve the response area. Any replacement equipment or insurance proceeds shall belong solely to the District unless otherwise provided herein.

#### 5. Miscellaneous:

- a. <u>Subject to Applicable Law.</u> This MOU, and the respective rights and responsibilities of the Parties shall be subject to the laws applicable to the subject matter of this MOU and to the delivery of fire protection services. The laws of the State of Indiana shall govern the interpretation, validity, and performance of the subject matter of this MOU.
- b. <u>Severability</u>. If any provision of this MOU shall be held to be invalid or unenforceable by any court of competent jurisdiction, such provision shall be severed from the remainder of this MOU and the validity and enforceability of the remaining provisions of the MOU shall not be affected.
- c. <u>Approval and Effective Date.</u> This MOU shall be approved and effective upon the adoption by each of the Parties.
- d. <u>Counterparts.</u> This MOU may be executed in multiple counterparts, each of which shall be an original and all of which shall constitute one and the same instrument.
