Customer Contact Details		Enquiry Reference No	
No	Item	Requirements	Remark
1	Equipment type (e.g. Reactor, vertical, open top)		
2	Maximum working volume (L)		
2	Maximum working pressure (MPa)		
3	Maximum operating temperature (°C)		
4	Materials of construction	Body	
		Tank inner wall (contacting with the reaction medium)	
		Valves and other nozzles etc.	
		Gaskets	
5	Reaction medium properties:	Organic	<input type="checkbox"/>
		Flammable	<input type="checkbox"/>
		Corrosive	<input type="checkbox"/>
		Toxic	<input type="checkbox"/>
		Explosive	<input type="checkbox"/>
6	Is stirrer needed? If yes, specify mixing speed & motor power?		
7	Preferred agitator type		
8	Viscosity of the reaction medium (cps):		
9	Is inner coil needed for cooling & heating?		
	Preferred type of cooling/heating fluid:		
10	Is jacket needed for cooling & heating?		
	Preferred heating medium, e.g. thermal oil, steam, or any other type of service on your site.		
11	Specify port and nozzle configuration of the reactor lid		
12	Reactor lid lifting type: Manual or electrical? Sealing type: Magnetic/Mechanical/Packing?		
13	Are sensors (e.g. temperature, pressure, level transmitter, mass flow meter etc.) and control / monitor system required?		

14	Do you need condenser, feed tanks, receivers and other auxiliary equipment?		
15	Any other customisations?		
16	Which certification do you need? (E.g. CE, ISO, ASME, PED, please specify.)		
17	Local power supply voltage:		
18	Do you need a factory visit or a video of factory tour?		
	If factory visit is planned, do you need an invitation letter for visa application? (Citizens of ~60 countries can enter China visa-free for 15 days.)		
19	When do you plan to travel?
