ABOUT US

Protecting Lives, Safeguarding Assets, Building Trust Since 2009

Indian Fire & Safety Solutions is Vadodara's leading fire protection and industrial safety service provider, delivering comprehensive, turnkey solutions that protect what matters most — your people, property, and peace of mind.

Established in 2009, we have grown from a vision-driven startup to a trusted partner for industries, commercial establishments, and institutions across Gujarat. With over 16 years of proven expertise, our journey is built on one unwavering principle: "Safety First is Safety Always."

What Sets Us Apart

We are not just service providers — we are safety partners. From initial consultation and system design to installation, compliance approvals, and ongoing maintenance, we deliver end-to-end fire protection solutions tailored to your unique needs.

MISSION

To provide comprehensive fire protection solutions that ensure the safety of people and assets across industrial, commercial, and residential sectors in Vadodara and beyond through expert service, quality excellence, and uncompromising commitment to safety standards."

VISION

To be one of the leading companies in fire safety and industrial engineering, recognized for excellence in project execution, reliability in operations, and dedication to creating safer workplaces nationwide
