Whole School Gem Chat Week 9

What is a Gem Chat?

Gem Chats are conversation starters that can help embed the principles of The Resilience Project into our everyday lives.

Students will be using them in the classroom and across the school to help them tune into the principles of Gratitude, Empathy, Mindfulness and Emotional Literacy.

They are also a really easy way for kids to share their learning at home. Try bringing up this week's Gem chat around the dinner table, on a car trip or on the walk to school!

Want to know more about the Resilience Project? Come and speak to your child's classroom teacher or our Mental Health and Wellbeing Leader, Kristen McInnes, on a Thursday or Friday.
