Week 1.**

Welcome back for an
exciting

2025

Coming Up

- Feb 13 - Cluster swimming at Yea
- Feb 18 - Feb 21 - Grade 5/6 Camp
- Feb 25 - House Athletics
- Mar 3 - 3:30pm - Parents' Group AGM.

Art Supplies.

Welcome to 2025 in the Art Room! A big special shout out to our new Foundation group!!

I'm very excited for this upcoming term, where we will be exploring shape, colour and using the outdoors to create individual Art pieces. Our students will be exploring concentric circles, three-dimensional shapes, patterns and warm and cool colours. Art gives students a way to express themselves, think outside the box, and develop original ideas. Completing art projects gives students a sense of achievement and pride in their abilities.

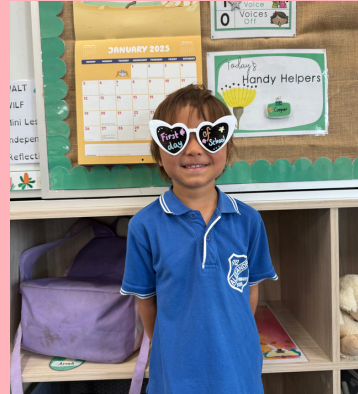

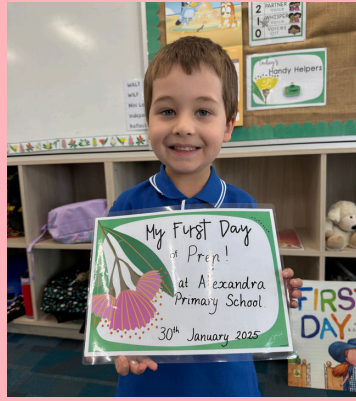

I would like to ask parents to collect small boxes, coloured paper and any containers which could be recycled to be used in our construction unit. These can be bought to school by the students and/or dropped off at the office.

Why maths?

We need maths to...

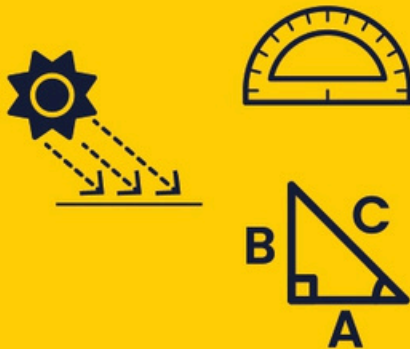

Describe

Make decisions

Measure

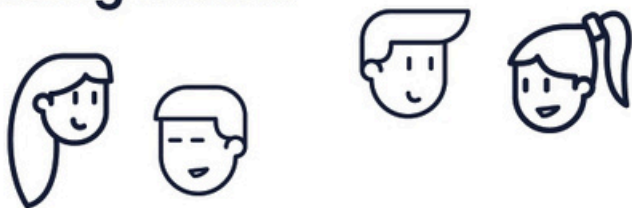

Hypothesise and predict

Solve problems

We discuss our world using maths

So, how should we talk about maths?

Show relationships
