**BANQUETING**

### At your side, for any event

Anyone working in the catering industry, and banqueting in particular, knows that standardizing the production line is essential. As essential as food plating, which gives the wow effect that makes every event memorable. Orogel Food Service products can be used as a starting base for plenty of customizations: the vegetables are always top notch and guarantee excellent cooking performances, besides keeping food costs under control.

salt, spices.

# QUICK RECIPES

Some products require long time to be prepared. But that's a thing of the past, because now, thanks to Orogel "Le Ricette Veloci", you can get those products directly from the bag. From pre-fried to grilled vegetables, from vegetarian to battered bites, you can give your buffets a touch of originality. If you want to nibble something with your aperitivo, or have a light dinner, you can offer your guests original cocktail pairings or a special wine tasting.

**CODE** 353285
